

## Elast. Bellhousing with oil-air cooler

Part no.: 724311

Product description: PTK-300/M/144/FB092-E

| Characteristic              | Value / Characteristic / Information |
|-----------------------------|--------------------------------------|
| According to VDMA 24561     | yes                                  |
| Alignment of hole pattern   | standard                             |
| Bore                        | 0,0 mm                               |
| Centring                    | 125,00 mm                            |
| Cooler PTK                  | standard                             |
| Design of bell housing      | flex. bell h. + cooler               |
| Foot bracket                | without                              |
| Frame-no. FL...             | FL102                                |
| Hole pattern                | diagonal                             |
| Inspection hole             | without                              |
| Leckage hole                | without                              |
| Length PT (N)               | 144,0 mm                             |
| Locating ring               | without                              |
| Nominal diameter            | 300                                  |
| Number of holes             | 4-hole                               |
| old typekey                 |                                      |
| Pitch circle                | 160,00 mm                            |
| Rectangle height T1         | 0,00 mm                              |
| Rectangle offset T2         | 0,00 mm                              |
| Rectangle width T1          | 0,00 mm                              |
| Size PT, motor size IMB5/V1 | 300 / 132S-132M                      |
| Special design              | without                              |
| Thread                      | M12                                  |
| Version of damping ring     | E                                    |
| With or without feet        | without foot                         |
