

## Torsionally flexible coupling complete

Part no.: 950054

Product description: Kupplung 28/38-38/35

| Characteristic            | Value / Characteristic / Information |
|---------------------------|--------------------------------------|
| Coupling size             | 28/38                                |
| Execution of the drilling | reciprocally cylindric               |
| Material of the clutch    | GG/GG                                |
