

Fibernex™ FN II Laser System

Warranty Overview

Typenex® Medical offers coverage for the Fibernex™ FN II Laser System under the warranty conditions listed below.

3-Year Warranty Inclusions

When errors occur in areas such as the power supply, diode lens, blast shield, screen display, aiming beam, or laser diode, the Typenex Medical warranty will cover:

- Machine inspection and repair
- Additional parts
- Shipping and handling

Warranty Exclusions

The warranty does not include annual maintenance, and coverage will not apply under the following circumstances — fees may result if they are found upon review of the unit:

- Use of non-Fibernex Laser Fibers
- Use of damaged or contaminated fibers
- Water damage
- Improper maintenance or self-repair
- Misuse or tampering

Customer Support

For additional information, please reach out to your Typenex Medical representative. Purchase of the Fibernex FN II Laser System also includes phone support (866-897-3639) Monday–Friday from 8:00 am to 5:00 pm CST.
