

A fast and simple way to prep

Typenex® Medical Custom Surgical Trays let clinicians customize kits to include everything they need and nothing they don't. We're here to help you reduce setup time and complexity by giving you exactly what's necessary all in one tray.

Surgical Trays | Custom

Build your own Custom Surgical Tray with every component you need. We're here to help make sure you're not confined to a rigid "one size fits all" offering, so you get the tools you want without paying for anything extra. Let us help streamline your case accessories to make your procedures faster and easier.

Features and Benefits

Simple - One stop shop for procedure accessories

Customizable - Customize your tray with all the items you need and have the ability to modify trays at any time.

Efficient - Save time having all your needs in one place

Give us a call at 866.897.3639 to create your perfect tray.

Surgical Trays distributed by Typenex® Medical, manufactured by Stradis Healthcare
