

Designed for  
comfort and  
coverage.

Typenex® Medical's Disposable Isolation Gowns equip healthcare professionals with protective apparel that meets the AAMI PB70 Level 2 standard. Featuring a quality design with SMMS fabric, this single-use solution is durable, comfortable, and easy to use.

# Disposable Isolation Gowns

## Features and Benefits

**Reduced Risk** — Provides Level 2 barrier protection during routine care and procedures.

**Thoughtful Design** — Elastic wrist cuffs (not made with natural rubber latex) and tie closures at the neck and waist.

**Single-Use** — Can be easily removed and disposed of to lower the risk of cross-contamination.
