

Ultra savings.

Typenex® Medical offers two sizes of ultrasound probe covers to help provide sterile protection and reduce the risk of cross-contamination during procedures. Designed with extended lengths and conveniently packaged with sterile gel packets, our ultrasound probe covers are affordable drop-in solutions that allow for seamless integration and maximized cost savings.

Ultrasound Probe Covers

Features and Benefits

Reduced Risk — Minimizes the risk of cross-contamination between the ultrasound probe and the patient's skin.

Additional Protection — Available in 47" and 98" lengths for complete coverage from transducer to connector.

Cost Savings — Competitively priced to help secure substantial savings.
