

A warm welcome

Once a charming 17th-century farmhouse, Holmer Court Care Home blends its original character with the comfort of a modern, welcoming home. Located in a peaceful residential area on the outskirts of Hereford, we offer 33 bright and well-appointed bedrooms, many with garden views or direct patio access. Each room is designed to feel homely, with space for residents to add their own personal touches.

Residents can enjoy light-filled lounges, fresh home-cooked meals, and time in our beautiful open gardens. Whether sharing a cup of tea outside, welcoming family, or joining familiar daily activities, there is always a calm and inviting space to relax and feel connected.

As part of Ashberry Care Homes, we are proud to belong to a respected family of homes with extensive experience built on loyalty, integrity and compassion. We believe that feeling at home comes from genuine relationships, consistency and a strong sense of belonging.

Safe and supportive care

At Holmer Court, we understand that choosing a care home is a deeply personal decision. That's why we take time to listen, understand, and tailor every aspect of care to meet individual needs.

We provide **dementia, residential and respite care**, ensuring that we can support you or your loved one whatever the circumstances.

Every member of our close-knit team is trained, experienced, and dedicated to providing exceptional care and companionship. We are proud of our family spirit- one built on kindness, empathy, and respect.

From day one, we take time to really get to know each resident- their life story, preferences, routines, and what brings them joy. This forms the foundation of their individual care plan, which is securely recorded on our electronic care system, available 24/7 for complete peace of mind.

We believe that true care is about connection- understanding each person as an individual and making every day meaningful.

"Every time I have visited the staff have always been very friendly, cheery and helpful, as well as that they are accommodating and they are happy to find a quiet area for family visiting if needed which is lovely when visiting. In the dryer weather it is great to be able to sit outside in the garden and enjoy that area too."

Wellbeing and Meaningful Activities

At Holmer Court Care Home we believe that wellbeing is at the heart of good care. Our dedicated Wellbeing Coordinators are passionate about creating opportunities for residents to live life to the fullest- supporting physical, emotional, and social wellbeing every single day.

Wellbeing at Ashberry is more than just activities. It's about building genuine connections, sparking joy, and making every moment count. Our team takes time to understand each person's hobbies, interests, and life experiences, ensuring that activities are meaningful and personally fulfilling.

From creative arts and music therapy to gentle exercise, reminiscence sessions, gardening, and community trips- there's something for everyone to enjoy.

We also love to make dreams come true through our Wishing Tree Initiative, where residents share personal wishes or treasured memories that we help bring to life- from meeting a favourite animal to revisiting a special place.

At Holmer Court Care Home, every day is an opportunity to make new memories together.

"From the first time I stepped into the care home, I was made welcome. I am so pleased my dear friend has chosen to stay here. Whenever I turn up, everyone just makes you welcome and at home, plus there is always a lovely coffee on hand. Thank you to all the team for making a lovely friendly atmosphere for all who stay there."
