Safe and supportive care

At The Weir, we understand that choosing a care home is a deeply personal decision. That's why we take time to listen, understand, and tailor every aspect of care to meet individual needs.

We provide **nursing, residential, respite, palliative, and day care**, ensuring that we can support you or your loved one whatever the circumstances.

Every member of our close-knit team is trained, experienced, and dedicated to providing exceptional care and companionship. We are proud of our family spirit- one built on kindness, empathy, and respect.

From day one, we take time to really get to know each resident- their life story, preferences, routines, and what brings them joy. This forms the foundation of their individual care plan, which is securely recorded on our electronic care system, available 24/7 for complete peace of mind.

We believe that true care is about connection- understanding each person as an individual and making every day meaningful.

"The staff are exceptional- kind, patient, and respectful. They take time to understand my dad, not just as someone with complex needs, but as a person. The communication with family has been brilliant, and for the first time in a long time, I feel like I can step back from constantly fighting for his care- and just be his daughter again."

Wellbeing and Meaningful Activities

At The Weir, we believe that wellbeing is at the heart of good care. Our dedicated Wellbeing Coordinators are passionate about creating opportunities for residents to live life to the fullest- supporting physical, emotional, and social wellbeing every single day.

Wellbeing at Ashberry is more than just activities. It's about building genuine connections, sparking joy, and making every moment count. Our team takes time to understand each person's hobbies, interests, and life experiences, ensuring that activities are meaningful and personally fulfilling.

From creative arts and music therapy to gentle exercise, reminiscence sessions, gardening, and community trips- there's something for everyone to enjoy.

We also love to make dreams come true through our Wishing Tree Initiative, where residents share personal wishes or treasured memories that we help bring to life- from meeting a favourite animal to revisiting a special place.

At The Weir, every day is an opportunity to make new memories together.

"From dad's arrival, he has consistently received dignified, respectful, and patient treatment. He frequently praises the staff's kindness and expresses deep gratitude for their care. He's also enjoying the diverse range of activities offered."

“The day care service is amazing, my Mum adores going and meeting her friends, they are always laughing and just enjoying life, money couldn’t buy it. Having known Karon throughout my 20 year nursing career, I can also absolutely vouch for her skill, passion, enthusiasm and dedication.”
