## PERFORMANCE ACCESSORIES

#### WATERPROOF QUARTER ROUND

These waterproof moldings cover the expansion space between the floor and the wall, providing a water-tight seal.

#### QUARTER ROUND

These pre-finished moldings cover the expansion space between the floor and the wall.

#### VINYL STAIR CAP

The vinyl stair cap, made from flooring planks, provides a smooth, flush finish and installs easily with the Uniclic locking system.

#### OVERLAP STAIR NOSE

The overlap stair nose creates a smooth and secure finish when flooring planks are installed on stair treads.

#### WALL BASE

The wall base creates a cover for the joint between the wall surface and the floor while protecting the wall from kicks and furniture dings.

#### STAIR TREAD

The full stair tread is designed to match the color and grain pattern of any vinyl flooring for a perfectly finished look.

The multifunctional 4-in-1 molding allows you to utilize a single transition to create four different applications.

#### CARPET TRANSITION

Provides a smooth transition between your hard surface floor and carpet.

#### T-MOLDING

Used to transition between flooring of equal heights and in doorways.

#### END MOLDING

Used to finish flooring where it meets vertical surfaces such as walls, fireplace hearths and sliding glass doors.

#### HARD SURFACE REDUCER

Connects two floors of different heights.

PLEASE NOTE: Installed flooring may vary from printed image or sample.
