

Dispute Resolve for Chargeback Management

Streamline chargeback management,
recover revenue

Abusive chargebacks are on the rise, putting major strain on merchants' fraud teams. The disconnected systems that merchants are dealing with inevitably lead to wasted time and suboptimal performance. The end result? Your store's margins are squeezed.

Change the way you handle chargebacks with one single platform that syncs and streamlines every part of your chargeback operations. Think of it as your chargeback OS.

Why Dispute Resolve?

Manage all your chargebacks in one place

Make Dispute Resolve your one-stop shop for everything chargebacks related. Stay on top of your chargeback operations by viewing and acting on them all - without ever leaving the platform.

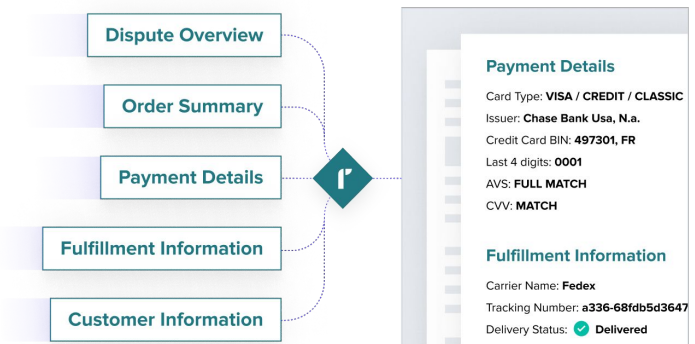

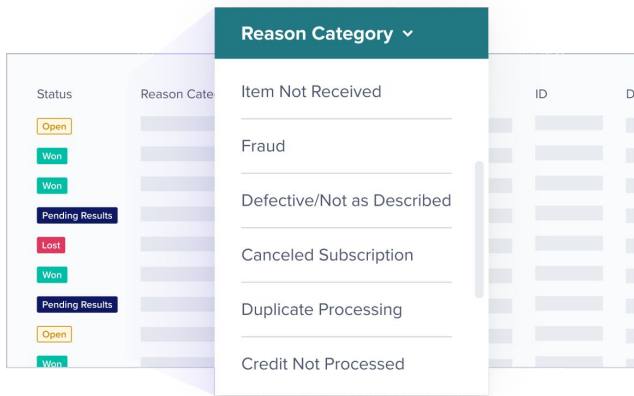

Introducing Dispute Resolve

Dispute Resolve is Riskified's holistic chargeback management solution, helping merchants maximize revenue recovery while minimizing the operational burden. It provides a platform for seamless management of your chargeback operations, while automating as much of the representment process as you need.

Spend less time disputing chargebacks

Save time with automatically generated evidence, complete with all the contextual data that Riskified gathers and enriches. Automate as much or as little of the dispute process as you need.

How does it work?

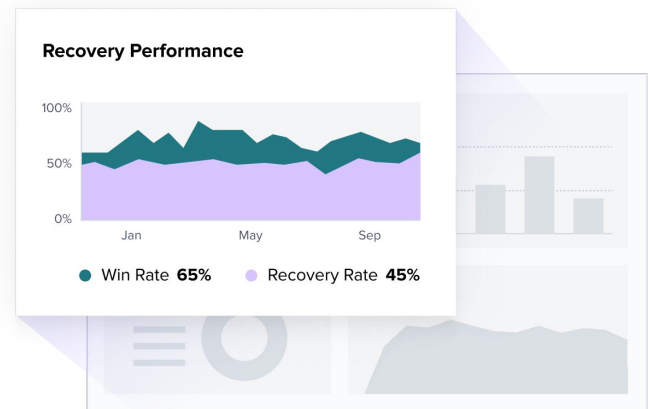

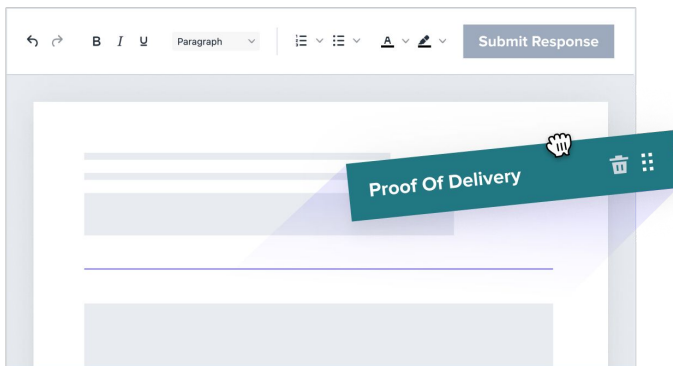

View all chargebacks in one place

Streamline your workflow by viewing chargebacks across gateways and reason codes in one place.

Auto-generate compelling evidence

Save over 20 minutes per dispute by automating evidence creation.

Customize your evidence packets

Use the built-in editor and just click to submit when you're ready.

Track trends and performance

Monitor the metrics that matter to you with customizable dashboards.

Riskified (NYSE:RSKD) empowers businesses to grow ecommerce revenues and profit by mitigating risk. An unrivaled global network of merchant brands including partner with Riskified for guaranteed protection against chargebacks, to fight fraud and policy abuse at scale, and to improve customer retention. Developed and managed by the largest team of ecommerce risk analysts, data scientists and researchers, Riskified's AI-powered fraud and risk intelligence platform analyzes the individual behind each interaction to provide real-time decisions and robust identity-based insights.
