Once you've booked

- ✓ **Check your passport**
Some countries won't let you in unless it's valid for at least six months after you come home. Worth a look now, not at the airport.
- ✓ **Apply for a visa**
Destinations like the US, Canada or Turkey often ask for an e-visa or ETA. Double-check what you need well in advance.
- ✓ **Know what healthcare you can access**
Heading to the EU or EEA? Bring your EHIC to get access to public healthcare. But remember – it won't help if your bags go missing or you need to fly home early. That's where your JustCover policy steps in.
- ✓ **Get your pets looked after**
Make arrangements early so they're in safe hands while you're away. Leave clear instructions – and maybe a few treats.
- ✓ **Check for vaccinations**
Some need to be done weeks in advance, so don't leave it last-minute. Ask your GP what's needed for your destination.
- ✓ **Organise your medication**
Sort enough for your full trip, and check the rules in your destination – some places need a doctor's letter or permission. Always pack meds in the original box and bring a copy of your prescription.

Before you go

- ✓ **Check in online**
Skip the queues and save yourself some airport stress – check in before you get there. It's fast, simple, and one less thing to think about.
- ✓ **Let your bank know**
Give your bank and card provider a heads-up about your travel dates. It'll help avoid blocks, and check if there are fees for using your card abroad.
- ✓ **Check your phone plan**
Roaming can be very expensive. Ask your provider about travel add-ons or consider using a local SIM if it's more cost-effective.
- ✓ **Weigh your bags**
Every airline is different – check your baggage allowance before you go. It'll help you dodge extra charges (and the airport repack panic).
- ✓ **Share your travel plans**
Leave your itinerary and JustCover policy details with a friend or family member, just in case they need to reach you.
- ✓ **Pick up the essentials**
Grab things like travel money, plug adapters, insect spray, sunscreen and luggage tags now – not at the airport.
- ✓ **Save important contacts**
Keep a note of your hotel info, flight number and the 24/7 emergency helpline from your JustCover policy – pop it in your phone and your hand luggage.
- ✓ **Download your entertainment**
Books, podcasts, playlists or a cheeky series or two – whatever helps the journey fly by.
