

GRONK FITNESS UTILITY BENCH

SKU-4211-G2

The Gronk Fitness Utility Bench with Foot Support is a robust commercial-grade utility bench designed for seated dumbbell exercises, strength training, and free weight workouts. Ideal for commercial fitness centers, hotels, community facilities, resorts and home gyms, this bench offers versatility and durability.

Featuring a stable foot support, low-profile frame, and durable black upholstery, this bench ensures comfort and stability for lifters of all levels. Its heavy-duty steel frame with a matte black finish provides a sleek, professional look, while rubber feet protect flooring and minimize movement during workouts.

PRODUCT FEATURES
