

ISO-LEVERAGE DECLINE CHEST PRESS

SH-G6902

Adjustable Starting Position for Customized Comfort

Features an adjustable starting position mechanism with four selectable levels, accommodating users of different body types for optimal range of motion. This enhances comfort and safety by reducing strain at the beginning of each exercise.

Stable and Smooth Seat Adjustment

Incorporates a rear-mounted tension spring system that significantly increases seat stability and ensures smooth height adjustments, delivering a secure and comfortable seating experience throughout the workout.
