FOAM CORE PLANS

Notes:

All foam core used is 5mm

All measurements are in millimeters

There is a 32mm lift at the bottom of the box to make the insert fill the space

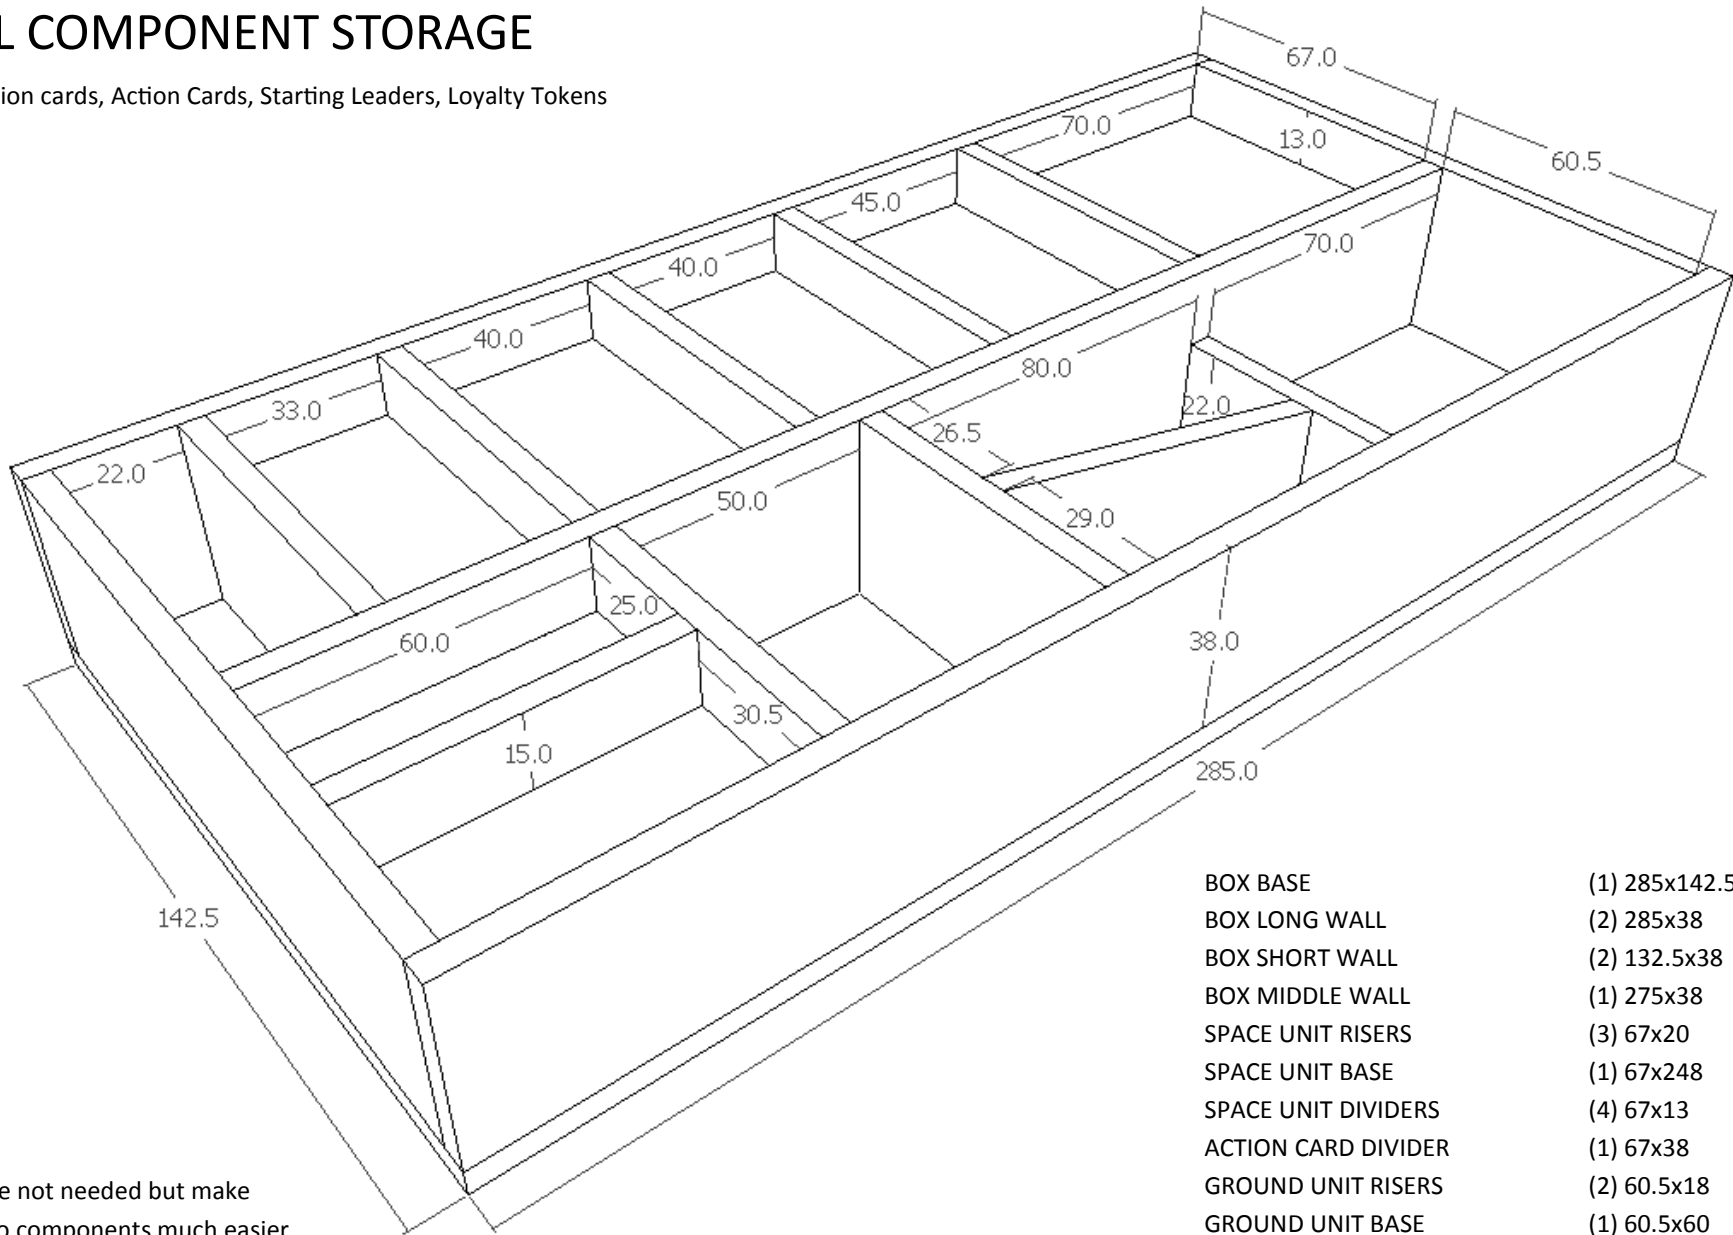

If you want to fit sleeved cards make the faction trays 10mm higher (decreasing lift height to 22mm)

Starting Leaders are stored under the Mission Cards of the faction trays. Recruitable Leaders are stored in the Leader Storage

REBEL COMPONENT STORAGE

Units, Mission cards, Action Cards, Starting Leaders, Loyalty Tokens

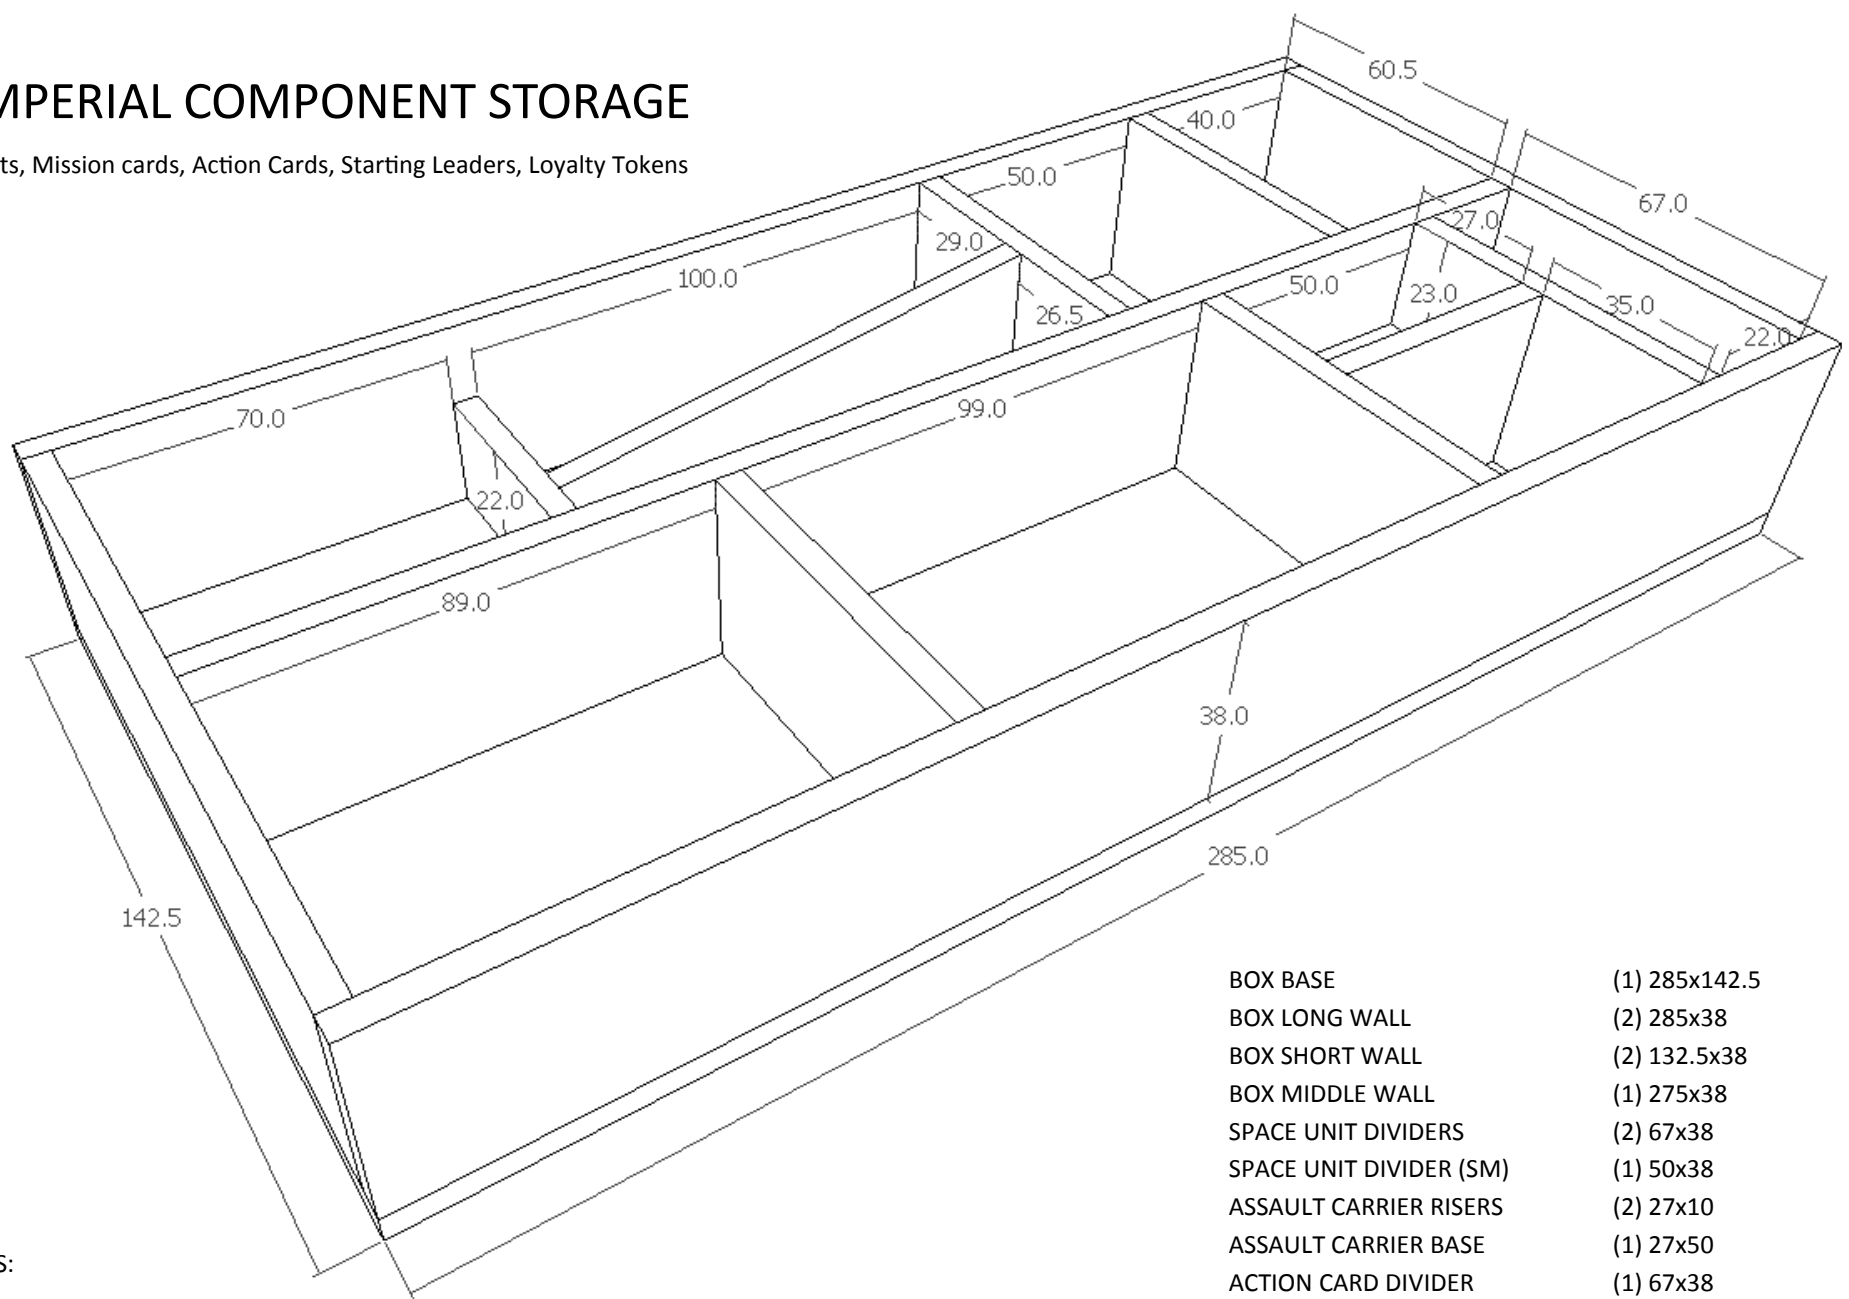

NOTES:

- Risers are not needed but make getting to components much easier.
- I did not glue the risers into the box so I could get them out to build in future expansions.
- Feel free to leave off the .5s
