- we were 12! We went to church together.
- We have yet to set a wedding date!
- I live in Reading, PA, but I love to travel!
- I started Clicke Photography at the end of 2016, diving head first into
- Weddings!
- I am the main photographer, and have a network of photographers
- who work for me and second shoot with me!
- I photograph 20-30 weddings annually. By keeping this number lower,
- I can better serve all my couples!
- I have two HUGE dogs! A two year old German Shephard and a 3 year
- old American Bulldog!
- I love creating beautiful images, but most importantly, I love seeing my
- couples on one of the greatest days of their lives!!

With Clicke, you're getting the *full experience*

FULL SERVICE PHOTOGRAPHER | Being able to provide my couples with an experience where they can rest assured everything is being taken care of is what I built my business around! From creating the timeline, sending helpful planning tips, to offering Prints & Canvases and hand designing all my album designs, I truly am with you every step of the way.

QUALITY & SATISFACTION | With only taking on a select number of weddings a year, I am able to provide my couples with the best customer service I can offer. Being a bride myself, I know how many questions you may have, and allowing myself the time to answer your questions and cater to your needs is just one thing I make time for.

STYLE & VISION | Almost as important as quality is to find a photographer who has a style that resonates with you and your life. A great photographer will take the time to think about the style of images you are looking for. Where will you display your images and what are you looking to accomplish with them (i.e. wall displays in a casual or formal room, to compliment a display that has been built over time, an album showcasing more of your wedding?) It is extremely important that you choose a photographer whose galleries and portfolio reflect what you are looking for.

My *Why*

MY PHILOSOPHY | When my couples feel comfortable and relaxed in front of the camera that results in genuine, joyful images! When you think back on your wedding, I want you to remember amazing memories, but most of the moments I want you to remember really well are the instances that will be captured in your images. They will be priceless to you. I strive to make you feel so incredibly comfortable! Your wedding day is an experience from beginning to end and your photography is a huge part of that experience...shouldn't it be fun? and enjoyable? and natural? I think so! My goal is to not only capture memories for my couples, it's to create an experience that they will never forget. To make my couples fully comfortable in front of my camera, and have trust in me, I offer complimentary engagement sessions. They are the corner stone in creating a great relationship together, and will allow you to show true emotion in front of me on your wedding!

The *Engagement* Session

ENGAGEMENT SESSION | One way that I ensure my brides and grooms enjoy the BEST photographic experience possible is through forming a relationship with my couples. I try my best to make sure that all of my couples are the PERFECT fit for me before officially booking. A bride and groom should connect with their photographer, trust their photographer, and be EXCITED about the whole process with them! After booking, I love to get to know my couples through an ENGAGEMENT SESSION that helps them warm up to the camera so that they are ready to rock and roll on the wedding day! By the time the wedding day arrives, my clients feel more like friends and that creates a safe and relaxed environment for photography! For this very reason, engagement sessions are complimentary in every package I offer! Now that you know a little bit about my approach to the wedding day, you can continue reading to find more detailed information about THE WEDDING EXPERIENCE!

Random fact If you haven't heard, I'm obsessed with the color TEAL!

The *Wedding* Experience

BEFORE | We will sit down and go over all the important details of your big day, so we are both on the same page! We will talk about location and what to wear for your engagement session. But my favorite part about the beginning stage is getting to really know the two of you as a couple!

DURING | 2-3 months before your wedding, I will send you a questionnaire that goes into great detail about your wedding, helping me create a custom timeline for your wedding. I will be in charge of the timeline, ensuring you can fit all those special moments in, and giving you and your partner some alone time to be together!

AFTER | Sit back and relax! I'll be hard at work editing your wedding and choosing the best ones to present to you. All your images will be fully edited, just the way you see on my website and social media! I'll post a blog post on the blog the Wednesday following your wedding as your sneak peak! One month after your wedding, we will sit down together to relive the day at your **REVEAL APPOINTMENT!** During this meeting, we will view a compilation of your images, then move into the ordering process, where I will walk you through purchasing canvases and prints! We will also go over your album design as well!
