My Process for Most Services Above (may vary based on service chosen)

- **Partnership.** You and I work together to create the best presentation of who you are. I do not believe in my clients filling out lengthy multi-page forms before crafting your career documents. I use consultation as a way to actively listen to your career story. Doing this allows me to write it with intention.
- **Payment & Refunds.** Payment is required before work begins. I offer inhouse payment options and PayPal offers a 6-month no interest option if paid in full in 6 months. I do not offer refunds as I cannot get my time back. I will work with you until you are satisfied with your documents. There will be a Terms & Conditions link for your review and agreement before we begin working together.
- **Client Portal.** I will send a welcome email with a link to your client portal. In the portal, it will outline what I need for your project which will vary based on the service chosen.
- **Communication.** I accept several ways to communicate.
 - Email – ok to email but I may not be able to get back to you right away.
 - Text message – fastest way to get to me. Just identify who you are the first time you text. I will lock you name in from there.
 - Voxer – also a fast way to get to me. Here's the link to my profile. <https://web.voxer.com/profile>. Download the free app to connect with me to leave a voice or text message.

Thanks and I look forward to rockin' out your career!
