

THE ENGAGEMENT Guide

A romantic couple embracing outdoors at sunset. The woman is wearing a white sleeveless dress with a textured skirt and a gold chain strap bag. The man is wearing a white button-down shirt. They are both smiling and looking at each other. The background is a blurred outdoor setting with warm lighting from the setting sun.

Hey there!

Think of your engagement session as the ultimate warm-up act for your big day.

This isn't just about getting pretty pictures (though you'll get tons of those!). It's a super fun way to shake off any camera jitters.

This session is all about letting your unique love story shine, giving everyone a little sneak peek into who you are as a couple.

Are you the giggly type? The super sweet and cuddly kind? Or maybe a mix of both? We'll find out!

PREP BEFOREHAND

Your Clothes

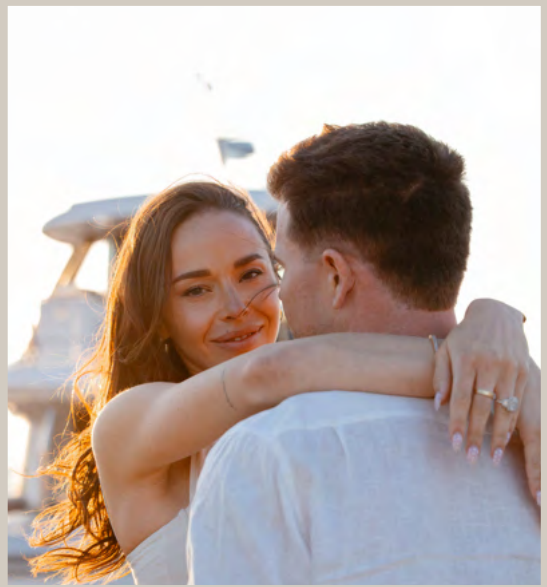

Make sure your photo outfits are pressed before you arrive. For a smooth journey, consider wearing something comfy for the ride and keeping your photo-ready looks hanging in a garment bag.

Makeup & hair

Professional hair and makeup are a game-changer for these photos! It's the perfect chance to do a trial run for your wedding day look. Even if you've already had a trial, getting it done again ensures a beautifully polished look that truly pops in photos. Trust me on this one!

When it comes to makeup I say either go bold with the lip (a bright red with a white or black outfit is so fun!) or keep it really neutral and natural.

Guys! this isn't just for the ladies... A professional touch for your hair and a little light grooming for your skin can make a huge difference. This might include: hair styling and minimizing shine (especially on a warm day!)

SELECTING YOUR OUTFITS

This is arguably the most exciting part of your engagement session.

Whether you go wild with fashion or keep it chic and simple, I'm here to help you choose the perfect outfits and locations that complement your style and our chosen backdrops

Let's avoid bringing your entire life in your pockets. Keys and phones tend to create... interesting bulges.
