How to download Zoom in PC 2021

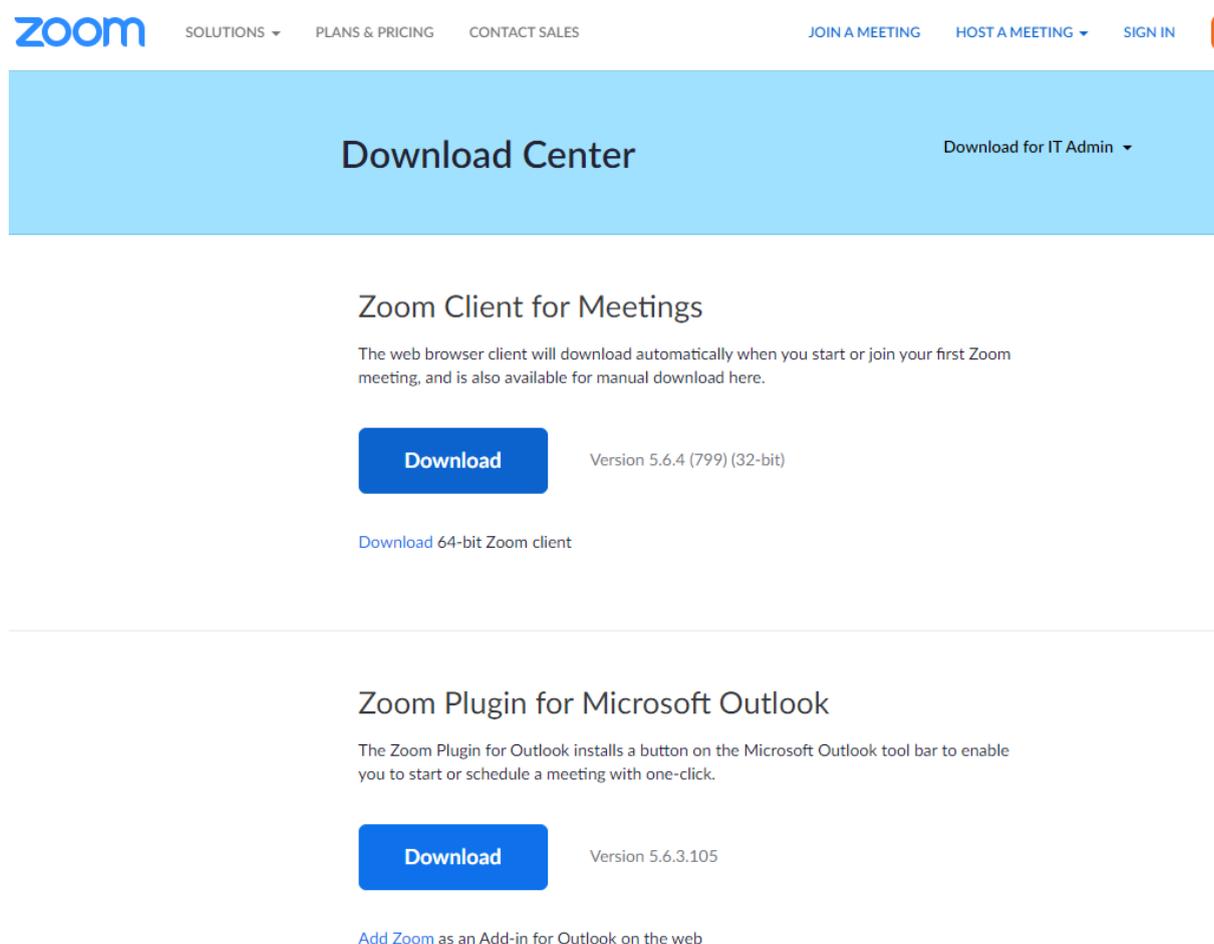

Below is the step-by-step guide to download Zoom.

Step.1

You just need to open your internet browser whether it Google Chrome, Firefox, or Bing.

Step.2

Go straight to the link [Click Here](#) to open the official downloading page of Zoom. Now you're on Zoom Download Center and you'll see few options for downloading Zoom.

The screenshot shows the Zoom Download Center page. At the top, there is a navigation bar with the Zoom logo on the left and links for SOLUTIONS, PLANS & PRICING, CONTACT SALES, JOIN A MEETING, HOST A MEETING, and SIGN IN on the right. Below the navigation bar is a light blue header with the text "Download Center" and a link "Download for IT Admin". The main content area is divided into two sections. The first section is titled "Zoom Client for Meetings" and contains a paragraph explaining that the web browser client will download automatically when you start or join your first Zoom meeting, and is also available for manual download here. Below this paragraph is a blue "Download" button and the text "Version 5.6.4 (799) (32-bit)". Below the button is a link "Download 64-bit Zoom client". The second section is titled "Zoom Plugin for Microsoft Outlook" and contains a paragraph explaining that the Zoom Plugin for Outlook installs a button on the Microsoft Outlook tool bar to enable you to start or schedule a meeting with one-click. Below this paragraph is a blue "Download" button and the text "Version 5.6.3.105". Below the button is a link "Add Zoom as an Add-in for Outlook on the web".

Step. 3

The first option "Zoom Client for Meetings" click to download zoom.

Download Center

[Download for IT Admins](#)

Zoom Client for Meetings

The web browser client will download automatically when you start or join your first Zoom meeting, and is also available for manual download here.

[Download](#)

Version 4.6.7 (18176.0301)
