

MAINTENANCE CHECKLIST

This checklist covers some basic, necessary maintenance items for most homes. It is by no means all-inclusive. Some items may not be applicable for the type of home and home features you have. For full details, please consult all guides, warranties, and literature provided by John Wieland Homes and Neighborhoods®, as well as the specific warranties and manuals for your home's various appliances.

Check or write the date of the month of each maintenance item below. Remember to use a pencil so that this list may be used again or photocopied.
