## MEET YOUR DEL WEBB OASIS LIFESTYLE TEAM

**Haylee Cunningham**

Community Relations & Lifestyle Director  
[Life@DWOasis.com](mailto:Life@DWOasis.com)

With an extensive background in customer service, property management, and a thriving social media career that has taken her across the country, Haylee brings a diverse skill set and a passion for connecting with people. As a trained makeup artist and avid reader—especially of murder mysteries—Haylee blends creativity with organization in both her personal and professional life. Haylee's journey led her to her current role as Community Relations & Lifestyle Director, where she is excited to channel her passion for event planning into creating memorable experiences for residents. Haylee's goal is to connect residents through programs they enjoy in order to build a community, not just a neighborhood! Her passion for people is driven by the joy she brings to others, and she is excited to start a new chapter of joy with the residents of Del Webb at Oasis.
