PERFORMANCE

DESIGN + PERFORMANCE™

The Window Fabrics collection is inspired by the founding values of the Sunbrella® brand to provide a range of design and performant products.

In a width of 300 cm, each fabric is ideal for use as indoor or outdoor curtains, drapes and sheers.

This collection of 58 references comes in a rich array of styles, textures and colors.

The neutral, natural colors in Natté and Velum ranges are perfect to pair with the richer, deeper hues of the new Smart and Mild ranges.

Explore these 4 atmospheres to create your own personal world and design new modern and elegant looks for each space.

La collection Window Fabrics s'imprègne des valeurs fondatrices de la marque Sunbrella® pour proposer une gamme de produits à la fois design et performante. D'une largeur de 300 cm, chaque tissu répond idéalement à des applications de rideaux ou de voilages pour l'intérieur et l'extérieur.

Cette collection de 58 références constitue une palette riche en styles, textures et couleurs.

Les teintes naturelles du Natté et du Velum se marieront parfaitement avec les tonalités plus colorées des gammes Smart et Mild.

Explorez ces 4 atmosphères pour créer l'univers qui vous ressemble et écrire de nouvelles ambiances dans chaque espace.

ULTRA DURABLE THROUGH AND THROUGH

DES TISSUS PROFONDÉMENT DURABLES

SUNBRELLA® FIBRES ARE STEEPED IN TOP QUALITY DYES DURING THE ACTUAL MANUFACTURING PROCESS, WHEN THE ACRYLIC IS STILL LIQUID.

As a result, Sunbrella yarn is coloured all the way to the core so its original vibrancy lasts on and on. There's absolutely no comparison to ordinary procedures whereby the yarn or fabric is simply dipped in dye which therefore only penetrates the outer layers.

LES PIGMENTS DE HAUTE QUALITÉ SUNBRELLA® IMPRÈGNENT LA FIBRE PENDANT SA FABRICATION, QUAND L'ACRYLIQUE EST ENCORE LIQUIDE.

Il en résulte un fil Sunbrella coloré "à cœur" et un tissu qui offre une tenue, une résistance et une durabilité de couleur exceptionnelles. Aucune comparaison avec les tissus ordinaires, dont la couleur, obtenue par simple trempage du fil ou de la toile, ne pénètre que la couche supérieure.

Solution dyed acrylic
Acrylique teint-masse

Yarn dyed
Teint-fil

Tested to meet ISO 105 B02 and ISO 105 B04 standards, Sunbrella® fabrics score as follows :

- UV colour fastness (ISO 105 B02) : 8/8
- Weather condition colour fastness (ISO 105 B04) : 4-5/5

Testés selon les normes ISO 105 B02 et ISO 105 B04, les tissus Sunbrella® ont obtenu les notes :

- Solidité coloris UV - ISO 105 B02 : 8/8
- Solidité coloris intempéries - ISO 105 B04 : 4-5/5

GUARANTEED TO LAST

Cleaning :

- Sunbrella® Window Fabrics* can be machine washed at 40°C. Let air dry.
- Fabric covers that cannot be removed for washing can be cleaned with a soft-bristle brush and soapy water (add 50 ml of bleach per liter of water in case of tough or stubborn stains). Rinse with clear water and let air dry.

Entretien :

- Les tissus* Sunbrella® Window Fabrics sont lavables en machine à 40°C et sèchent à l'air libre.
- Les tissus des produits non déhoussables sont lavables à la brosse douce avec de l'eau savonneuse (additionnée de 50 ml d'eau de javel par litre d'eau en cas de taches tenaces). Rincer à l'eau claire et sécher à l'air libre.

* Velum : 30°C washing - lavage à 30°C

ENVIRONMENTALLY FRIENDLY

DES TISSUS RESPECTUEUX DE L'ENVIRONNEMENT

ZERO LANDFILL AUCUNE MISE EN DÉCHARGE

For over 30 years, Sunbrella® has recycled its industrial wastes such as yarn and packaging. Today, every Sunbrella® manufacturing facility around the globe sends absolutely no waste to the landfill.

Depuis plus de 30 ans, Sunbrella® recycle ses déchets industriels tels que le fil et les emballages. Aujourd'hui, chaque site de fabrication de Sunbrella® dans le monde applique cette politique et n'envoie aucun déchet en décharge.

GREENGUARD CERTIFIED CERTIFICATION GREENGUARD

Sunbrella® upholstery fabrics have achieved GREENGUARD GOLD Certification.

Sunbrella® upholstery fabrics are certified by GREENGUARD as contributing to healthy indoor air by being a very low emitting interior product.

Les textiles d'ameublement Sunbrella® ont obtenu la certification GREENGUARD GOLD. La certification GREENGUARD atteste que les textiles d'ameublement Sunbrella® contribuent à créer un environnement intérieur sain en matière d'émissions chimiques.

SKIN PROTECTION PROTECTION SOLAIRE

The Skin Cancer Foundation recommends* Sunbrella® upholstery fabrics in shading products as an aid in the prevention of sun-induced damage to the skin as a part of a complete sun protection regimen, including regular use of sunscreen.

La Skin Cancer Foundation recommande les tissus d'ameublement Sunbrella® en prévention des dangers du soleil pour la peau. Les produits d'ombrage Sunbrella®, associés à l'utilisation régulière d'une crème solaire, forment un programme de protection renforcée.*

OEKO-TEX LABEL LABEL OEKO-TEX

A quality that meets human-ecological requirements. Awarded with the OEKO-TEX label (class II – products with direct contact to the skin), Sunbrella® fabrics are made without any identified harmful substance that could be a danger to health, skin and the environment.

Une qualité respectueuse de l'écologie humaine. Labellisés OEKO-TEX (classe II - produits en contact direct avec la peau), les tissus Sunbrella® sont produits sans substances identifiées «à risque» pouvant présenter un danger pour la santé, la peau et l'environnement.
