

# **Scrum Master & Agile Management – Job-Oriented Program (45 Days)**

---

## **Do You Feel Like This?**

- Do you feel stuck in a high-pressure job with no work-life balance?
  - Are you working in Sales, BPO, Operations, or Customer Service and feel underpaid or undervalued?
  - Do you feel like your job has no growth or future?
  - Are you curious about switching to the IT field but afraid because you're not from a technical background?
- 

## **Here's the Truth: You Can Switch to IT – Without Coding!**

The IT industry needs people who can **manage teams, processes, and communication** — not just write code.

**Scrum Masters & Agile Managers** are in demand across all IT companies, and their job is **non-technical but high-impact**.

That's where this course helps!

## What You Will Get in This Program (Course Details)

---

### 1. Live Scrum Master Classes

We conduct daily 1-hour live classes (Mon–Fri) in simple, easy-to-understand language, specially designed for non-IT professionals.

You'll learn:
