

## **Purchase Power is a powerful tool designed to help all G.A.A. clubs to maximise their purchasing strength by giving them access to the Achilles Supply-Line for Procurement of all sizes.**

### **What is Supply-Line?**

Achilles Supply-Line is your trusted connection to over 5,000 validated suppliers of products and services – designed to maximise value and transparency, minimize risk, and reduce effort and cost for your non-profit organisation.

It is an online database of over 5,000 prequalified suppliers covering thousands of products, services and works, and the engine behind the G.A.A.'s Purchase Power programme which has already achieved savings of up to 20% for clubs across Ireland.

Now, for the first time, Achilles is offering access to Achilles Supply-Line to G.A.A. clubs across all product and service lines.

### **Achilles Supply-Line enables your community organisation to:**

- Ensure you get real value for money on everything from energy to specialist equipment
- Show your organisation's purchasing processes are transparent, validated and compliant, with built-in recoding of all transactions
- Demonstrate integrity and sustainability in your organisation's financial governance
- Actively manage risks (including physical and reputational risks) associated with spending association funds.
- Reduce staff/volunteer time and effort spent on the tendering/purchasing process, allowing you to direct these resources towards your organisation's core activities and values.
