# CELERIO

BRAND OF THE YEAR  
& BUDGET CAR  
**WINNER**  
2016 / 2017

Way of Life!

## EXTRA LARGE SMALL CAR

The Celerio takes the proverb 'dynamite comes in small packages' to a whole new level. This superb piece of engineering may be small in body, but it's loaded with big ideas, and huge potential to make everyday life richer and much more fun.

With an unexpectedly roomy cabin and larger-than-you-would-expect luggage space, the Celerio not only delivers the ease of driving that compact cars are known for, but also sets a new standard for compact cars, exceeding all expectations.

# ***CELERIO***

## EXTRA FUN

Get ready to go large with the Celerio's premium looks and dynamic styling, that will introduce you to a new way of driving across the local urban landscape.

Explore all the extra-large possibilities presented by this little- big, fuel-efficient car. So fill it up with fuel, friends and luggage, and enjoy the ride.

## EXTRA ROOM

The Celerio is a small car with a big personality. Designed to change the way you live and drive, this practical and spacious five-seater is a great fit for the girls, the boys, and the families. The substantial cabin, with more than enough room to move about, is designed to make any drive comfortable for every passenger - much more so than one is accustomed to from a small car.

## EXTRA COMFORT

Not only is getting in and out easy, but there's a lot more to the Celerio's sleek and stylish interior design than meets the eye. The flowing curves of the dashboard merging with the rest of the interior adds a premium feel to the cabin.

### Bluetooth\*

Keep your hands firmly on the steering wheel when you connect to the built-in Bluetooth with hands-free controls.

### Steering-mounted Audio Controls\*

Turn up the volume and enjoy without having to take your eyes off of the road, with steering mounted controls, for easy entertainment without excessive distraction.

### Remote Control Entry\*

Enjoy the convenience of opening all doors at the push of a button, or set it up to open only the driver door.

### Multi-Information Display

Enjoy the multi-information display feature which shows useful information, such as instantaneous or average fuel consumption, a digital clock, and the remaining kilometres before you need to refuel.

### Air Conditioning

All our models are equipped with air-con and heaters, to ensure you have a comfortable drive, no matter what the weather.

\*GL model only

## EXTRA SPACE

If you ever thought that driving a small car meant minimal luggage, think again. With the Celerio, you can go anywhere, and take along anything you need - all the bits and pieces will fit comfortably in the extra large, class-leading 235-litre boot.

### Extra Luggage Welcome

You can pack more into every trip with the Celerio's 60:40 split flexibility in the rear seats - perfectly convenient for your larger or odd-shaped gear.

### Extra Storage

The Celerio offers more than enough storage space to fit your lifestyle, including a handy glove-box for maps and CDs, and front door pockets for your magazines and books. The rear door pockets are specifically shaped to keep your water bottles in place.

# GO THE EXTRA MILE

Whether you fancy a trip around town with your friends, or a weekend escape to a resort with the family, the Celerio's superior fuel-efficiency turns every trip into kilometres and kilometres of savings.

## Fog Lamps

Enjoy the convenience of the Celerio's fog lamps\*. Whether it's fog or heavy rain, you will feel at ease with the additional low-mounted lights that illuminate the road surface directly in front of your car.

\*GL model only

## Airbags

Extra safety comes standard, with front airbags to reduce the impact on the driver and passenger in the event of a collision.

## ABS with EBD

These vital safety features allow for safer braking and steering control without skidding under the pressure of sudden braking.

## Automated Manual Transmission

Suzuki's newly-developed Auto Gear Shift manual transmission features an Intelligent Shift Control Actuator, that does all the hard work of operating the clutch. Not only does it improve fuel consumption, it also keeps the fun-to-drive characteristics of a manual transmission. It includes a creep function for heavy traffic, and manual mode for spirited driving.

## New 5-speed Manual Transmission

An all-new 5-speed manual transmission has been adopted for the Celerio. To boost fuel efficiency, torque loss has been reduced by 40% to enable light and smooth gearshifts. Our enhancements also include the reduction of noise and vibration while idling.

## Class-leading Automatic Fuel Consumption

Enjoy extra mileage with only 4.7 litres per 100km on the manual transmission model, and 4.6 litres per 100km on the Automated Manual Transmission (AMT) model.

## New K10B Engine

The Celerio's 1.0-litre petrol K10B engine realises efficiency through various weight - and friction-reductions while maintaining dynamic performance. By reducing the number of components in the engine unit, mounts, radiators, and fuel tank, a compression weight reduction was achieved. Changing the valve shaft diameter and reducing spring-load has also reduced friction.

Maximum output: 50/6,000 kW/rpm

Maximum torque: 90/3,500 Nm/rpm

## COMPLETE

Suzuki understands that purchasing a new vehicle is a substantial investment. Our unwavering commitment to customer satisfaction is represented in our 'Suzuki Complete' package, which includes every aspect of after-sales support, with warranty, service plan, and roadside assistance standard.

### Warranty

All Suzuki models are covered by a comprehensive manufacturer's warranty against any defects for a period of three years or 100 000 km. This is supported by a six year body corrosion warranty subject to terms and conditions.

### Service Plan

The Suzuki Celerio GL model benefits from a 2yr / 30 000km service plan. This plan includes the replacement of oil, the oil filter, fuel filter, brake fluid, air filter and accessory belts, but excludes tyres, brakes and other wear-and-tear items.

### Roadside Assistance

Every new Celerio comes with a roadside assistance plan. Some of the benefits offered by this comprehensive package include: battery and locksmith call-out services, mechanical and electrical, breakdown towing (accident towing is optional), emergency medical rescue, vehicle repatriation and a stand-by-you roadside security armed-response service.
