

GRADE 2

Phonics Word Posters

About the Phonics Posters

This product is linked to the Grade 2 Phonic Workbook and the word lists are taken from the book. You do not need to have the book, in order to use them. They can be used as visual aids for weekly spelling words and are also a great tool for reviewing the words on a daily basis to practise reading.

These posters are ideal for teaching phonics as a progressive scheme.

If you would like to purchase a copy of the book or view sample pages, please go to my website.

Terms of Use

Thank you for respecting my work.

This entire resource is my own copyrighted material and is available for individual use only.

Please do not share this product either in print, digital or email for other people to use.

You may print copies of pages for your learners; however, please do not print the whole resource to give away. You may not make any changes to the resource.

You may not resell or present this resource as your own or share it in a common digital file or library for others to access.

Please email me if you have any further questions.

Hi, I'm Lindsay, a Speech Language Therapist who has worked in schools and private practice for many years. I love helping children with phonics and reading. It gives me joy to see them learn the basic skills and grow in confidence with their reading and writing.

I created Phonix in a Box resources in 2008 and have been supplying teachers, therapists and parents since then. Please have a look at my website to view samples of the products, download freebies and read some interesting articles.
