Turtle Downtown Tour

11 Stops

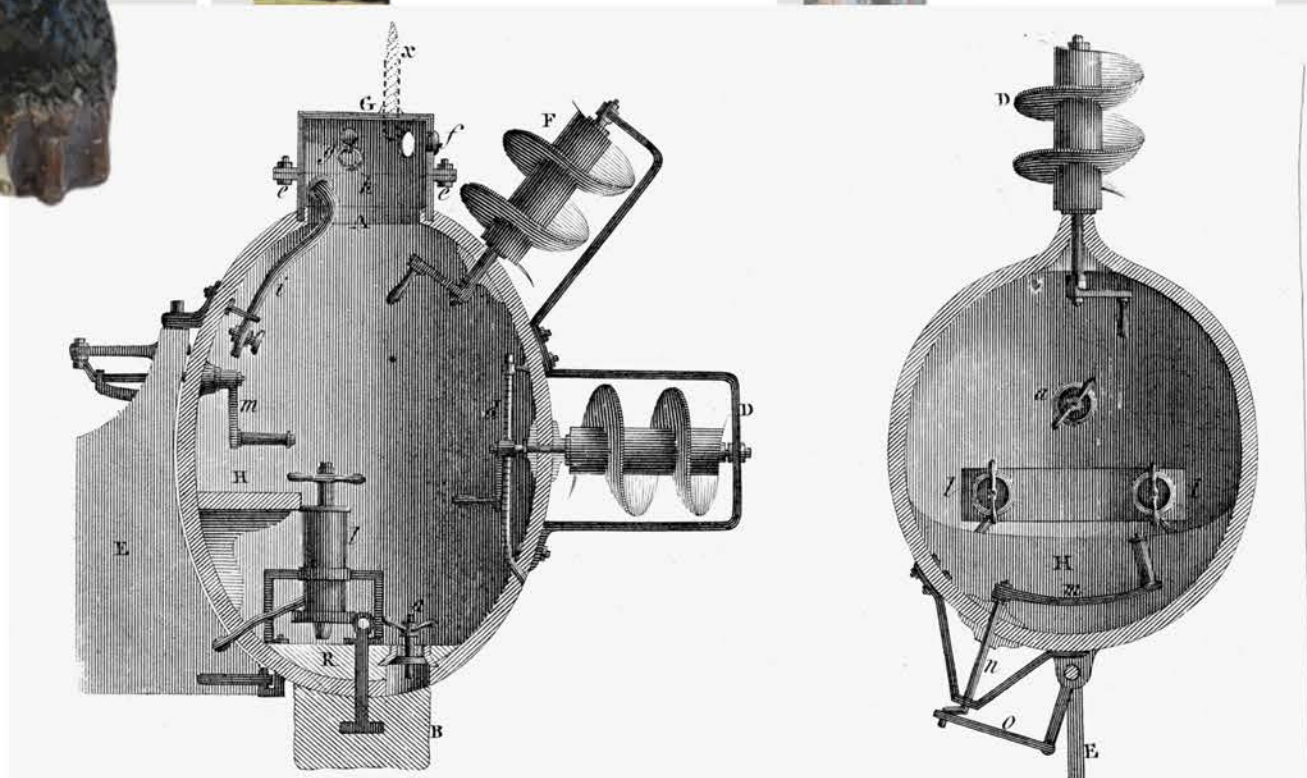

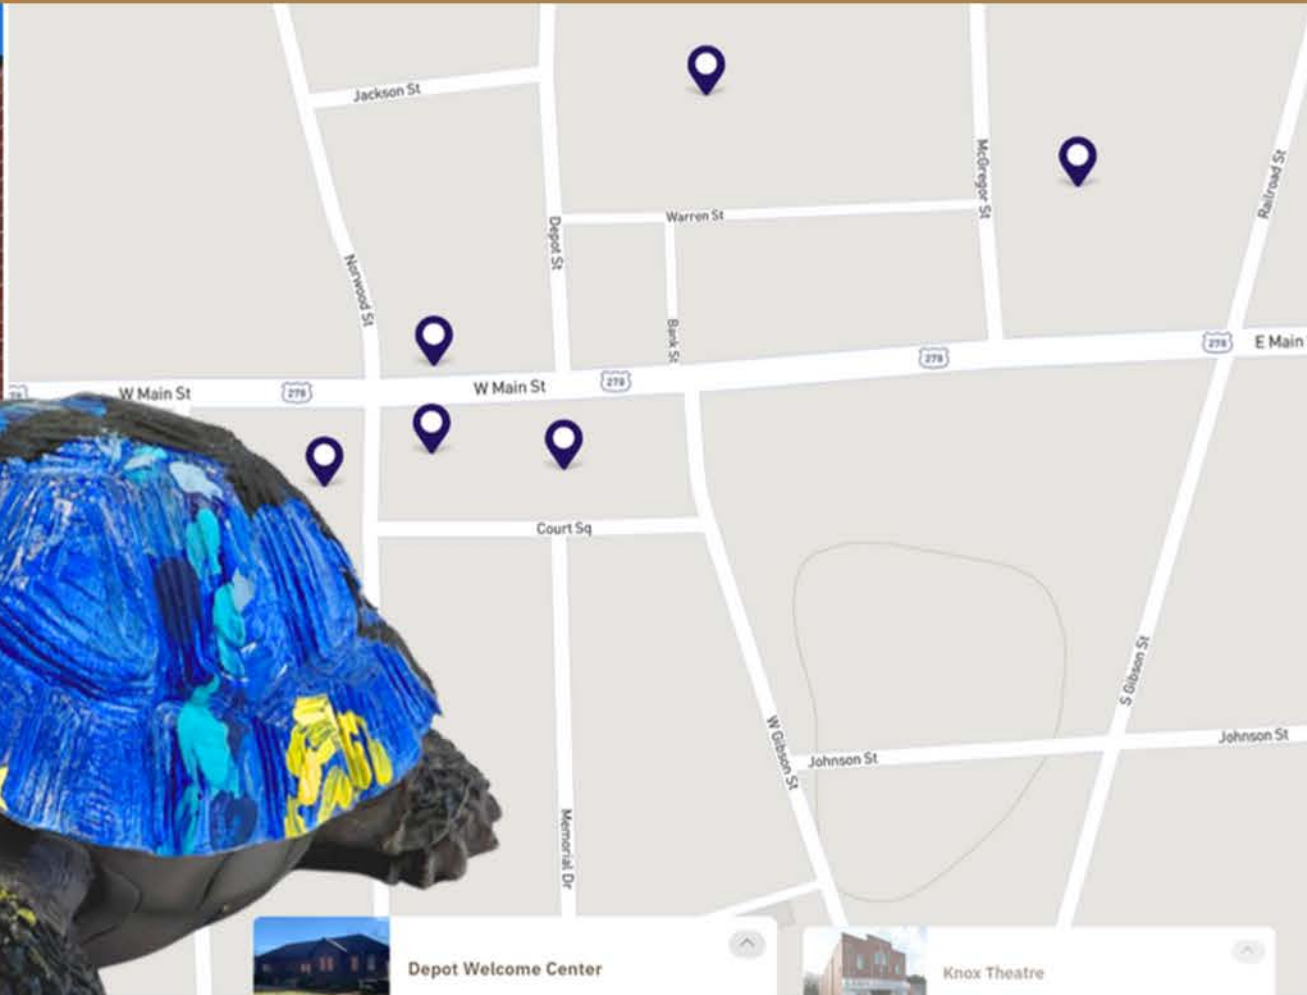

The Tour:

Step back in time with the Turtle Tour, a unique walking adventure inspired by Dr. David Bushnell and his famous Turtle Submarine — the first military submarine in history! As you stroll through Warrenton, discover fascinating historical landmarks and stories that shaped our town. Each location on the tour is marked by a small, painted turtle statue, guiding your way as you connect innovations like Bushnell's Turtle to the rich heritage of Warrenton. Whether you're a history buff or just curious, this tour offers an engaging way to explore Warrenton's past one step at a time.

Warrenton:

Warrenton is the county seat of Warren County, and was incorporated as a town in 1818. The town is located on the Savannah & Atlanta Railway.
