

ZKPSU1250-4C

- Universal plug-in and desktop power adapter, suitable for various electronic products, including security CCTV system, LED light, POS printer, security alarm systems and so on.
- Voltage input: AC 100-240V 50/60Hz.
- Output Power stability: 60W.
- Adopt high-quality chip design scheme.
- With shorted circuit protection and overload protection.

Specifications

Product Model	ZKPSU1250-4C
Type	Universal Plug in Wall Adapter
Input Voltage	AC 100~240V 50/60Hz
DC Output	DC 12V 5A
Voltage Output Error	12V $\pm$ 5%
Output Power	4 channel output total 60W Max
DC Cable Length	1.0M
Housing Material	PC+ABS
LED Indication	Yes
Size	158*58*36mm
Ripple&Noise	120mV
Efficiency At Average Load	87% min
Protection	OVP/SCP/OCP/OTP
Storage Temperature	-25°C to +70°C
Operating Temperature	0°C to +30°C
