

The Blippi: The Wonderful World Tour features access to an after-show photo opportunity with your favorite character, Blippi!

Please note that the Blippi character appearing at the photo experience will be the actor playing the character of Blippi in the Live Stage Show.

Photo experience purchasers should go to the check-in table prior to the event to pick up the photo experience materials. Each adult and child in a group must have a photo experience ticket. Patrons will be directed where to go for the after-show event.

The photo experience will start shortly after the end of show and last approximately 30 minutes. Please make sure to bring your camera, as you will want to capture every amazing moment!

Parents, please note that our photo experience characters are the costume characters directly from the stage. While most children are excited to meet the characters up-close, others can feel frightened. If your child is scared or hesitant to meet the characters, we recommend moving to the back of the line; This will allow your child the extra time he/she may need to warm up to the characters and see how they interact with other children present.

A photo experience ticket must be purchased by a Parent/Guardian along with the child's ticket. Children are not allowed access without a photo experience paid adult. Photo experience tickets are not tickets to the show. Photo Experience ticket holders must have a separate show ticket to have access to the show and the photo experience.
