*Relaxed performances are adapted in a number of ways to reduce anxiety and create a supportive atmosphere, including adjusting light and sound levels, providing 'chill-out' areas and demonstrating an embracing attitude towards audience noise and movement in the auditorium. Typically, they are for people who have autism or have sensory communication disorders or learning difficulties and some theatres also occasionally run them for people with dementia. A visual story is available on request. Call Access Bookings on 0333 009 5399 for more information.*
