

HOLIDAY TEAM FOR TREES

CONNECT YOUR EMPLOYEE WELLNESS & FITNESS
ACTIVITIES WITH A POSITIVE IMPACT FOR THE PLANET
THANKS TO YOU IN TREECEMBER

Want to celebrate the holidays with your amazing work team and donate to a great cause? Here's your chance to engage employees with wellness and fitness activities that are social distance friendly, sustainable, and FUN!

Here's how it works:

FITNESS

Your employees can engage in a range of fitness activities via a mobile app. Each going at their own pace, as much as they like. Every mile or hour of workout = 1 tree.

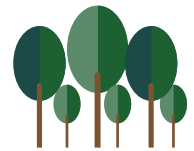

TEAMS

Participants in your team can post "sweaty selfies," high five each other, and even enjoy a little friendly competition. It's all about connection despite social distance.

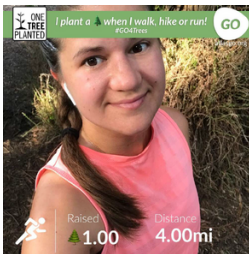

IMPACT

Celebrate your values as a company and support global sustainability. The team tracker will add up how many trees you'll plant, and you can match the total to double your impact.

TREES

The more your team participates the more trees you'll plant! You can choose where your trees are planted and get stories from the field. You'll get a donation invoice in January.

One Tree Planted is partnering with Atlas Go app for this campaign and covering all the fees so that 100% of your donation will go directly towards a reforestation project.

Company teams will fall under one overarching Treecember goal, however your team is free to choose your own goal. We simply ask for a donation commitment of 1K dollars/1K trees to join. Whatever you raise through 12/31 will be invoiced by One Tree Planted in January and then allocated to the reforestation project of your choice. Let us know if you would like your own custom or private challenge.
