OVERVIEW

With the faith of God the Almighty as the main pillar, **PT Batara Dharma Persada** was founded in 2024 to take a part to enhance nation's quality of the life through human resources and value development along with optimum natural resources exploitation. The company is designed to complement mining industry in Indonesia, especially in coal, bauxite and nickel mining operation.

With the decentralization of government in mining, so that many Mining Business Permits are issued on a medium-to-small scale, **PT Batara Dharma Persada** is present to fill the gap of medium-scale miners with the right mining techniques and patterns, not only efficient, optimum recovery, but very concerned about safety and the environment by applying Good Mining Practice.

IKHTISAR

PT Batara Dharma Persada dibentuk pada tahun 2024 atas landasan kepercayaan kepada Tuhan Yang Maha Kuasa untuk turut berperan serta dalam meningkatkan kualitas hidup bangsa melalui peningkatan kualitas sumber daya manusia dan pemanfaatan sumber daya alam yang optimal. Perusahaan ini berdiri untuk melengkapi pelaku tambang di Indonesia, terutama dalam bidang pertambangan batubara, bauksit dan nikel.

Dengan adanya desentralisasi pemerintah dalam pertambangan, sehingga banyak diterbitkan Ijin Usaha Pertambangan dalam skala menengah-kecil, maka **PT Batara Dharma Persada** hadir untuk mengisi kekosongan penambang skala menengah dengan teknik dan pola penambangan yang benar, tidak hanya efisien, optimum recovery, tetapi sangat peduli pada keselamatan dan lingkungan hidup dengan menerapkan Good Mining Practice.
