

Dear Missions Partners, 2024 is finally here!

How are you and all yours? Happy New Year again.

First and foremost, we thank God for the gift of life, He has been so good to us by seeing us all through the year 2023.

We also sincerely appreciate you for your roles that kept us and the work going.

Looking back to what we did last year across nations and communities, touching lives and helping Churches and ministries across West Africa, we deeply thank God for you – for being there, working along side us for Jesus.

This was one thing that stood out for us – your journey with us ... saying THANK YOU is not enough, you need to also know that your commitment has fuelled our repositioning for our mission work for the year 2024 and beyond.

We refused to be discouraged by the difficult and crippling economy all around as this is sadly in favour of anti Christ activities – less souls won, less Christians growing ... And so, by the grace of God and with you on our team:

- ✓ We plan to run another **12 Missions in 2024**:
- ✓ Paul has entered the last lap of his Ph.D. studies, researching Peace and reconciliation.
- ✓ Lola will enter her third and final year of her Doctor of Ministry (D.Min) studies (Leadership and Ministry)
