## WORK EXPERIENCE

---

### Frontend Engineer

October 2023 – Present

Aabhaya Technologies Pvt. Ltd. – Varanasi, UP

- Built **responsive, cross-browser web apps** using **React.js, Next.js, Tailwind CSS, Bootstrap 5**
- Improved performance: **36% faster load times** and **90+ Lighthouse scores** via code optimization
- Developed secure API integrations with authentication, ensuring smooth data handling and user sessions
- Enhanced accessibility and semantic structure for better usability and search visibility
- Collaborated with backend teams to maintain scalable, clean code architecture across multiple client portals

## SKILLS & TOOLS

---

- **Languages:** HTML5, CSS, JavaScript
- **Frameworks:** React.js, Next.js, Tailwind CSS, Bootstrap 5, Electron.js, Sass/SCSS
- **UI/Animation Libraries:** Material UI, GSAP
- **Performance & SEO Tools:** Lighthouse, PageSpeed Insights, Screaming Frog
- **Version Control:** Git, GitHub

## PROJECTS

---

### TeamChatX ([teamchatx.com](https://teamchatx.com)) – React, Redux, Material UI, Electron JS

- Built TeamChatX using React, Redux, Material UI, Electron.js; reduced latency by **45%**
- Integrated desktop notifications for consistent UX across devices
- Implemented real-time message batching and state synchronization

### RCMProNetwork ([rcmpronetwork.com](https://rcmpronetwork.com)) – Bootstrap 5, CSS, GSAP

- Engineered **responsive** and optimized BPO website to improve performance and maintain consistent brand identity
- Improved Core Web Vitals (**FCP < 1s, LCP < 1.5s**) and achieved **98% accessibility compliance**
- Optimized reusable semantic components, boosting lead generation by **+32%**
- Reduced **LCP by 55%** and optimized **responsive** interface layouts for better user engagement

## EDUCATION

---

**B.Tech in CSE** – Institute of Engineering & Technology, Ayodhya

2023 (82.4 %)

**12th – CBSE Board**

2018 (76.4 %)

## ACHIEVEMENTS

---

- Optimized multiple production sites to score **90 +** in Google Lighthouse
- Reduced dev cycle time by **50 %** via component reusability and design system standardization
- Recognized for delivering pixel-perfect UI with frontend best practices

## HOBBIES

---

- Videography
- Editing
