CERTIFICATION

Foundations of User
Experience (UX) Design

UX Design Process:
Empathize, Define, and Ideate

Build Wireframes and
Low-Fidelity Prototypes

PROFILE

A UI/UX & Product Designer who is passionate about creating delightful experiences that leave positive impacts on people and business. I want my work to be beneficial for people functionally and emotionally. Have experience in graphic design, web design, illustration, and animation. I have some front-end coding experience and enjoy working with developers to build ideas.

My design policy is straightforward: Understand your project's target audience and goals, then help your user achieve their purposes by crafting stunning intuitive, easy-to-use interfaces. Able to take ideas from concept to wireframe to prototype to production.

EXPERIENCE

● Sr. UI UX Designer | May 2023 – Till Now Alpha Commerz Ltd.

- Involved with some e-commerce project from the very beginning. Responsible for UI UX vision and strategy, research and analysis, storyboard design, defining design standards and patterns for the internal application.
- Develop information architecture, sitemap, user flow diagrams, wireframes, prototypes, and high-fidelity designs for web, mobile applications and admin panels.
- Develop and maintain design systems and style guides, icon design, and branding. Follow agile methodology for the design of the screens. Also involved with React, Tailwind Next.js development.

● UI & UX Designer | October 2020 – August 2022 mPower Social Enterprises Limited

- Responsible for both mobile and web application prototype, based on analytics data. And collaborate closely with product managers and developers. Also responsible for website design, website re-design, and admin dashboard design.
- Involved with various projects such as health care, surveys, education, training, utility bill payment, livestock websites, landing pages, mobile app design, and front-end development.
