PROFILE

A UX/UI Developer gaining as much experience across as many industries as possible. Artistic expression is the main driving point behind everything I do. All things in life are an art form, aesthetic or functional. Let the art shine through. End user relations and their experiences are a constant uphill battle. Having someone to navigate the experience every step of the way is vital to any business endeavor.

SKILLS

Figma
Adobe XD
Sketch

HTML/SCSS
JavaScript
SwiftUI
ReactJS
Vue 3
Framer Motion
Git
