

# **BECAUSE *JUST ADD WATER* IS PRETTY MUCH THE INSTRUCTIONS FOR A WONDERFUL LIFE.**

## **Thank you for buying an American Standard faucet.**

We're so grateful you did, and you will be too. Because faucets don't just bring us water—they're called upon to clean up brownie pans, luxuriated under by sleepy not-morning-people, and spit on by teeth-brushing kids. How do we know? Just like you, we've lived with that same beautiful chaos called life for almost 150 years. We believe that while every home should appreciate in value, we never forget the sentimental value that grows from enjoying life in the heart of home—your kitchen and bath. That's why we love your stories and ideas; they help us innovate with products that make your life easier.
