FAST AND EASY INSTALLATION

- The **180° opening** is designed to make installation as simple as possible — just **open and wrap!**
- The **Hook and Loop Fasteners** allow for easy installation and removal for maintenance. Press the hook and loop fasteners together for a **long-lasting fit**.

UNIVERSAL DESIGN AND CLEAN APPEARANCE

- **Universal design** easily fits both 1-1/4" and 1-1/2" brass and plastic tubular.
- The durable, long-lasting material stays where you put it and **won't fall off over time**, minimizing liability.

EASY TO CUT AND SIZE

- The **EVA foam** material is **easy to cut** and trim with scissors or knife — no need to struggle with other tools or uneven cuts.
- The **durable design** withstands impact and **protects against burns and scratches**.
- The EVA foam is **easy to clean, antimicrobial and will not yellow over time**.

EASILY ACCOMMODATES OFFSETS

- The **flexible material** is easier to install on offset supply lines and requires **no secondary fasteners** like zip ties or duct tape.
