Cable Sensor

For Wi-Fi Water Leak and Freeze Detector

Cable Sensor

For Wi-Fi Water Leak and Freeze Detector

Water Leak Detection

The average water leak causes \$7000 in damage*. Be notified of a water leak while it's measured in drops.

**American Insurance Association*

Reusable

This cable is reusable even after detecting an incident.

Water Sensing Cable Addition

Detect water in an expanded area with coverage up to 500 feet.

Temperature & Humidity Sensing

Use to detect temperatures that can freeze pipes, and humidity that could damage valuables.

No Extra Hub Required

Lyric needs no separate hub, no base station. It's easy to install anywhere.

Free App

Works with the Lyric Water Leak Detector and Freeze Alarm and free Honeywell Lyric app.

Installation

To install the optional cable sensor, simply plug it into the detector. The entire length of cable is an extended sensor.

Minimum System Requirements for Use with Wi-Fi:

- A compatible 802.11b/g/n wireless router
- Additional Cable Sensors
- Additional 4 foot cable sensors (sold separately) can be connected to extend the cable and increase water sensing area even more.
