

PLASTIC FITTINGS

▶ As a leader in high-quality PVC and ABS Fittings for over 20 years, Streamline® Plastic Fittings are designed and manufactured to the most exacting standards. With a fitting to meet most every common residential, commercial, industrial, irrigation and agricultural plumbing system application, our many lines of plastic fittings are simply the best in the industry. Each delivers excellent fit, smooth interior walls and outstanding corrosion and chemical resistance.

- PVC Schedule 40 Pressure Fittings
- ABS DWV Fittings
- PVC DWV Fittings

Streamline®

PVC SCHEDULE 40 PRESSURE FITTINGS

Streamline® PVC Schedule 40 Pressure Fittings are renowned for superior strength and enhanced performance. With a full line of diameters and styles, our fittings are designed and tested under real world "cyclic" pressure conditions so they excel in extreme applications where lesser products often fail. Along with superior strength, our pressure plastic fittings offer smooth inner walls for low pressure drops and superior resistance to chemicals and corrosion.

USA

- For use in cold-water pressure applications including potable water supply, irrigation and pool/spa
- Superior resistance to chemicals and corrosion
- Smooth inner walls provide for low pressure drops
- Made to applicable ASTM standards D2466, D1784, F1498
- Meets NSF 14 and 61G
