

APPENDIX H – IQ Control System (continued)

System Parts List

Optional Components

| Part Number | Item Description |
|-------------|---|
| 105648-01 | Outside Reset IQ Option Card, Domestic Hot Water Priority, for use with Option Control Panel, with Outside Air Temperature Sensor, Instructions, Unit Pack |
| 104842-01 | Outdoor Reset IQ Option Card, Domestic Hot Water Priority, for use with IQ Option Panel, less Sensor |
| 102946-01 | Outdoor Air Temperature Sensor, 10k ohm |
| 105121-01 | Outdoor Air Reset IQ Wireless Adapter Kit, for use with Outdoor Reset IQ Option Card, to enable wireless outdoor temperature reset, boost and warm weather shutdown, and freeze protection functions. |
| 102711-01 | LWCO IQ Option Card kit, Hot Water LF Module, Automatic Reset, for use with Option Control Panel, with Probe, $\frac{3}{4}$ inch NPT, Instructions, Unit Pack |
| 102714-01 | LWCO IQ Option Card kit, Hot Water LF Module, Manual Reset, for use with Option Control Panel, with Probe, $\frac{3}{4}$ inch NPT, Instructions, Unit Pack |
| 102305-01 | LWCO Probe, $\frac{3}{4}$ inch NPT |
| 102720-01 | Aquastat IQ Option Card, 130-220 Deg F, Manual Reset for use with Option Control Panel, Temperature Sensor, Well, Sensor Clip, Instructions, Unit Pack |
| 102717-01 | Aquastat , IQ Option Card, 130-220 Deg F, 15 Deg F Adjustable Differential, Auto Reset, for use with Option Control Panel, Temperature Sensor, Well, Sensor Clip, Instructions, Unit Pack |
| 102292-01 | Aquastat IQ Option Card, 130-220 Deg F, Manual Reset for use with IQ Option Panel, less well, Less Sensor |
| 102293-01 | Aquastat , IQ Option Card, 130-220 Deg F, 15 Deg F Adjustable Differential, Auto Reset, for use with IQ Option Panel, less Well, less Sensor |
| 102295-01 | Limit Rated Temperature Sensor, 36 inch length |
| 102296-01 | Limit Rated Temperature Sensor, 48 inch length |
| 105915-01 | IQ LCD Display , Boiler Exterior Mounted, STN Monochrome, White/Red backlight, 5Vdc Power Supply, RS422 (RS485) Communication, Pure Black Bezel with Gateway, Wire Harness, Mounting Bracket, ESC Logo Plates and Instructions |
| 102725-01 | IQ LCD Display , Boiler Exterior Mounted, STN Monochrome, White/Red backlight, 5Vdc Power Supply, RS422 (RS485) Communication, Pure Black Bezel |
| 102495-01 | Enviracom/Modbus RS422 Gateway and 5 Vdc Power Supply for Communication Between the IQ Controls and LCD Display, 24 Vac Power Supply Input |

Additional Information List

Aquastat IQ Option Card Instruction Sheet - part number 103589-01

Outdoor Air Reset IQ Option Card Instruction Sheet - part number 105647-01

Low Water Cut-off IQ Option Card Instruction Sheet - part number 103591-01

LCD Display Kit Installation, Operating and Service Instructions - part number 105916-01

Wireless Outdoor Air Reset Adapter Kit Installation, Operating and Service Instructions - part number 105768-01
