

Viega ProPress® Copper Solutions

The recognized leader

Viega was the first to offer press joining systems in North America, the first to offer a proven method to verify secure connections and the first to offer the same time-saving press technology in multiple materials. Viega ProPress systems have been imitated by other manufacturers but no one else can provide the same standard of performance. **Viega. Connected in quality.**

Viega ProPress — the smart solution

- Connections can be made wet or dry for quick repairs on existing systems.
- Make secure press connections in seven seconds or less.
- Flameless press technology eliminates need for burn permits or fire watches.
- Available in size ½" - 4" CTS.
- Zero Lead solutions certified to NSF/ANSI 61 & 372 (includes Annex G).
- Viega Smart Connect® feature helps installers easily identify unpressed connections.

Viega Smart Connect Feature

Unpressed

Identify an unpressed connection during pressure testing when water or air flows through the Smart Connect feature.

Pressing

Use the tool to press the fitting onto the tube, making a permanent and secure connection.

Pressed

Viega ProPress connections are fast, flameless and secure.
