

Tools

Viega offers a variety of press tools and jaws for every fitting size across every system. Save 50 to 90 percent on labor costs and system downtime by using a battery-powered press tool to make connections in seconds. With Viega, you'll get a whole solution from start to finish, including fittings, jaws/rings and press tools. Tool kits are available with batteries, chargers and cases. Tools can be purchased individually, with jaws available for separate purchase.

FEATURES AND BENEFITS

- Viega jaws and rings are uniquely engineered specifically for Viega fittings to make a reliable press every time
- The same power tool can be used across Viega systems to make presses on different products
- Make a press at any angle with Viega's patented swivel feature on rings and actuator, an advantage when working in tight spaces as well as in shafts and pre-wall construction
- Press jaws and rings available in sizes ½" to 4" for metals and 3/8" to 2" for PEX
- No fire watches, hot work permits or gas freeing necessary
- Press in wet or dry conditions

VEIGA POWER TOOLS

New this year, Viega introduces two Viega-branded press connection tools. Choose from the Viega Pressgun 6 (32 kN) or the Viega Pressgun Picco 6 (24 kN). Both tools feature a rotatable press head and are designed to be ergonomic to allow for easy handling. The tools are compatible with all the jaws Viega offers.

MEGAPRESS PRESS-IN BRANCH CONNECTOR TOOL KIT

The MegaPress Press-in Branch Connector is an innovative way to create branches from main runs or install instrumentation onto existing piping. The branch connector installs onto carbon steel pipe in sizes 1½" through 4", as well as 6", and has a ¾" FPT outlet.

The tool kit contains all the accessories needed to drill the correct hole, as well as the pressing tools in all sizes to press the connector (drill not included). The connector is approved for use in hydronic heating, cooling water applications, compressed gases and many more, thanks to a variety of sealing-element choices.

NOTE

Products within this section meet various codes, standards, listings and certifications. Please refer to the most up-to-date Tech Data sheets relevant to the product or to the listing agency's official record.

V2 Actuator press jaw set

- For standard tools, Viega MegaPress connections ½" to 2"

Components

- V2 actuator, MegaPress jaw sizes ½" to 1", MegaPress rings sizes 1 ¼" to 2", branded soft-sided case

Model 2880.71

for d	Wt [lb]	Quantity	Part No	DG
½–2	48.986	1	56013	16

Viega ProPress XL-C ring kit

- For standard tools, Viega ProPress connections 2½" to 4"
- Phosphated steel

Components

- V2 actuator, ProPress XL-C rings sizes 2½" to 4", hard case
