Individually Packaged in Resealable Bags, Color Coded by Size.

Minimum Billing - \$50.00 Conditions of Sale

PRICES: All prices and conditions are subject to change without notice and all quotations, unless otherwise specified, are binding only for immediate acceptance. Published prices are based on material made to EPC's standard tolerances and dimensions. All orders are subject to acceptance by the home office. Orders accepted will be on the basis of price in effect on the date of shipment.

FREIGHT: Freight will be allowed on single shipments of \$750 net or more to any one destination in the United States, except for Alaska and Hawaii. However, two or more orders may be combined in one shipment for freight allowance. On freight allowed shipments the consignor reserves the right to control the routing and use the route having the lowest published rate.

RETURN OF GOODS: No material is to be returned without our written permission. A minimum handling and inspection charge of 25% will be levied on all approved goods, plus transportation charges both ways. Returns will not be accepted for bagged product that has been opened.

Warranty

Warranty information can be found at <http://push.apollovalves.com/resources>.

Liability Policy PART A

Except as expressly stated on this document, Seller shall not be liable to the Buyer or to any other person, firm or corporation for any incidental or consequential loss, damage or injury arising out of any breach of warranty or any other act or default relating to Buyer's order or to product or services provided to Buyer, even if any such loss, damage or injury is caused by Seller's negligence. The correction of defects as provided in the warranty statement above shall constitute Seller's full obligation with respect to all claims and Seller's liability shall in no event exceed the unit purchase price of the product in question.

Any lawsuit or other action based upon breach of this contract or upon any other claim arising out of this sale (other than an action by Seller for any amount due to Seller by Buyer) must be commenced within one year from the date of the tender of delivery by Seller or, in the case of a cause of action based upon an alleged breach of warranty, within one year from the date within the warranty period on which the defect is or should have been discovered by the Buyer.

Errors

All prices on this listing are subject to change without notice. While we make every effort to provide you the most accurate, up-to-date information, occasionally, one or more items on the listing may be incorrectly priced. Where a product is listed at an incorrect price due to typographical, photographic, or technical error or error in pricing information received from our suppliers, Apollo Flow Controls shall have the right to refuse or cancel any orders placed for product listed at the incorrect price.

about us

Since the inception in 1975, Aalberts is where technology matters and real progress can be made - humanly, financially and environmentally. At Aalberts, we create mission-critical products surrounding valve and connection technology supporting our brand, Apollo Valves.

The manufacturing of Consolidated Brass Company (later called Conbraco) began in 1928, in Detroit, Michigan with a focus on ball cocks, air cocks and similar products. In 1955, the manufacturing operation moved to the Carolinas spanning North and South Carolina with 3 facilities. In 2010, Aalberts, a global Dutch company, purchased Conbraco. Today the Apollo Valves brand is manufactured under the company name, Aalberts integrated piping systems, in 3 locations throughout South Carolina. Over the last 90 years the product portfolio has continued to grow to encompass ball valves, butterfly valves, safety relief valves, control valves, mixing valves and backflow preventors.

These systems are applicable for key verticals such as residential, commercial, industrial, and utility. Our products are designed and developed by our team of innovators and engineers. Our design services team can assist in helping you determine the best techniques for your application with our products. We are the only company that truly offers customers a complete solution every time that is made and sourced from the same organization.
