IMPORTANT

- 1. Always include complete model and serial number so that any specification change can be considered for parts replacement. It can save time and expense.
- 2. In keeping with our policy of continuous product improvement, we reserve the right to alter any information shown here. Specifications are subject to change without notice.
- 3. We reserve the right to substitute functional replacements.
- 4. Order by Part Number (PN) not by option designation.

SERIAL NUMBER

NOTE: The serial number is located on the unit's rating plate.

Decode serial numbers as follows:

Serial number sample: **BOG 3062 00000**
 Elements key number: **1 | 2 | 3**

Key:

- 1 = Date code (refer to Table 1)**
- 2 = Plant of manufacture (3062 = Monterrey)**
- 3 = Consecutive number**

HEAT EXCHANGER AND BURNER ASSEMBLY COMPONENTS

NOTE: Replacement heat exchanger and burner assembly for unit sizes 30–125 are shown in [Figure 7](#). Replacement heat exchanger for unit sizes 150–400 includes a tube support and four channels that connect the header to the support. All replacement heat exchangers include a gasket kit with installation instructions.

Vent Kit Components (Options CC2 and CC6, Separated-Combustion Units)

NOTE: The collar on the concentric adapter box in the vertical vent kit (option CC2) is for connecting the combustion air pipe from the heater, and the vent pipe opening is for the vent pipe to run through—from the terminal and outside air pipe—to connect to the vent run. The collar on the concentric adapter box in the horizontal vent kit (option CC6) is for connecting the outside portion of the combustion air pipe. The vent pipe runs concentric through the outside portion of the combustion air pipe.

Downturn Nozzle Kits (Options CD2, CD3, CD4, and CD5)

NOTES:

- The downturn nozzle assembly (option CD2, CD3, CD4, or CD5) consists of one or two 30-degree nozzles. Options CD3 and CD5 provide 60-degree air deflection (may vary with louver adjustment).
- Refer to the downturn nozzle kit installation manual provided with the kit for components and installation instructions.
