

TWIST 'N' SPLASH

WATER RIDES

Soaking your friends is as easy as it looks.

LET'S TWIST AGAIN!

HIGHLIGHT

Twist 'n' Splash combines spinning action with interactive water fun — perfect for all ages and fully customizable to fit any theme.

The wildest Tea Cup ride ever.

Riders spin in individual vehicles while engaging in playful water battles, making it ideal for families and groups. The system can be customized with themed elements and synchronized effects. All water features are fully controllable, allowing pumps to be activated or paused at any point during operation.

Water everywhere!

With a total of six water cannons on each boat and many water cannons placed around the ride the Twist 'n' Splash is the ultimate water battle attraction for any theme park or water park. Guests can play in the queue line as well as during the ride ensuring that nobody is getting away with dry clothes.

Twist 'n' Splash offers great possibilities for creative theming.

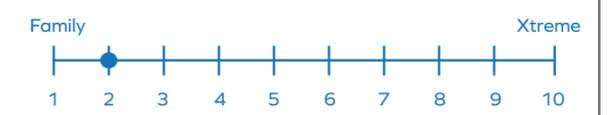

Whether based on a strong IP, classic pirate adventures, or your park's beloved mascot, each vehicle and surrounding element can be fully customized. From colors and props to sound and water effects, the ride adapts seamlessly to any story or branding concept.
