

SUPERSPLASH

WATER RIDES

Huge drops - huge waves.

EVERYBODY CAN COME ON BOARD AND PLUNGE INTO THE WILD WATER.

HIGHLIGHT

Who doesn't dream of setting sail at least once and conquering the oceans like the great explorers.

The right choice to cool off in the summer! With our 16-seater boats we offer the perfect group enjoyment for riders of all ages. The massive boats reach the big heights with either vertical lift or our standard chain lift where they fulfill a spectacular journey above the ground.

A pool filled with fun. Turntables and backward drops will provide an exciting trip before the boat accelerates down the big drop, hits the water surface, and finally produces big waves and even bigger smiles.

Theme Your Ride To Your Story. Are those pirates or Vikings? Is it the coast guard or a lifeboat? The fibreglass covers of our Water Coaster boats can be themed to the story you want to tell. Our skilled designers will help you get your very own look of the boats.
