## HIGHLIGHT

Customized dark rides with high-end multimedia integration.

TRACK-BOUND DARK RIDE

**Customize all media contents.** The team of Mack Animation is partnering with us to create stunning special effects from Pepper's Ghost effects, video mapping and wonderful transitions. Create an immersive environment to bring your story and characters to life.

**Combine both worlds.** Real themed scenery and video content has always been the key features of many dark rides. With the media dark ride we bring this technology to small and mid-size theme parks around the globe.
