WHAT IS PROJECT HOPE ?

Project H.O.P.E. (Helping Other People Everyday) is an initiative by the Rotaract District Organization RID 3012, launched to coincide with the start of the rotary year from July 1st to July 8th. This event is dedicated to addressing and raising awareness about the seven Rotary focus areas, with each day dedicated to a different focus area.

The primary objective of Project H.O.P.E. is to engage with and support local communities through a series of well-coordinated community service events which aligns with the rotary focus area and District Projects. The project ensures that resources are efficiently utilized and the efforts have a lasting, and positive impact on the community.

The initiative also aims to foster a culture of volunteerism and leadership among Rotaractors, providing them with valuable experience in project management, teamwork, and community service. This initiative exemplifies Rotaract's commitment to "Service Above Self," making a meaningful and lasting contribution to society.

Some of the most meaningful things happen when people simply show up for each other.
