

CLEAN. ELEGANT. INVITING.

Lobby, Mary Parker Architectural Photography, The Wharf, Washington D.C. - Sirrocco 8600

ALLURING. ILLUMINATING. DISTINCTIVE.

Highly workable, durable and thermoformable, the STUDIO Collection® expands the spectrum of design materials with brilliant chromas, natural neutrals and sparkling metallics that look and feel like nothing you've seen, and everything you desire.

Crafted from a proprietary resin blend, this premier design resin line stands out from all other surface choices for its unique combination of transparent, translucent and opaque polymers blended to create an endless world of design possibilities.

CHROMATIX™

SETTING THE NEW STANDARD

Avonite Surfaces® sets the NEW STANDARD in the INDUSTRY by offering a WIDE range of acrylic solid surface sheets, in the WIDEST range of available standard widths and thicknesses. Ultimate flexibility for our Customers! Our manufacturing process allows our customers to order the perfect size for their project. RIGHT SIZE™, the MTS programs and our CUSTOM program simply eliminate waste, cut costs, and saves hours, upon hours, in fabrication and installation time. Avonite Surfaces® offers widths up to 60 in., lengths up to 204 in. and thickness offered from 3 mm up to 19 mm.

Avonite Surfaces® offers an unmatched family of colors and designs to brighten and enlighten any environment. Venturing from cool to warm, neutral to bold, transluscents, to even subtle, soft solids, this family offering is in a class all it's own, and has an ideal solution for every space. This dynamic portfolio of solid surface options can be used in vertical or horizontal applications, applied in straight or curved lines, or thermoformed into a myriad of shapes...the options are endless.

RIGHT SIZE™, MTS or our CUSTOM programs are not available for the STUDIO Collection® Design Resin Palette, and the Avonite Surfaces® Movement Collection.

LARGEST ASSORTMENT OF STANDARD SHEET S

A modern lobby interior featuring a large, lush green living wall on the left. In the foreground, there are several curved, white leather-upholstered seating units with chrome legs. The floor is a light-colored wood. In the background, there is a glass entrance with a logo that reads "BM 3 GRUPPE". The ceiling has a modern, industrial design with exposed ductwork and lights.

CERTIFIED LEADER.

Aristech Surfaces LLC® was the first to achieve certification by Scientific Certification Systems (SCS) – the gold standard for environmental content and practices. Our STUDIO Collection® Recycled products group contains a minimum of 40% pre-consumer content, while our Avonite Surfaces® Acrylic Solid Surface recycled products contain 16% recycled content. Avonite Surfaces® also received an A+ for VOC emissions based on French regulation DEVL1101903D.

RESIST BACTERIA, NATURALLY.

Avonite Surfaces® non-porous surfaces are naturally impervious to the penetration and subsequent proliferation of microorganisms. Hygienic, durable, and easy to clean without added chemicals, our surfaces ensure that unwanted microorganisms have nowhere to hide.

CHROMATIX™

Order any of the selected luxurious designs with your choice of Pantone® or RAL® Color Tint. Be BOLD.
(6 Sheet Minimum Order)

STUDIO Collection® is available in 12mm only. STUDIO Collection® products are not intended for exterior use. Lighting for translucent products, whether ambient lighting or backlit, can produce a variety of color effects depending on the light source (fluorescent, daylight, LED, etc.) and light temperature. The preferred type of lighting used will depend on the desired end result and should always be tested before final installation.
