

CASTLEBROOK HIGH SCHOOL

Plans for a new School Building

Invitation to a Public Consultation Event

You are invited!

Be part of our exciting new plans for Castlebrook High School

Castlebrook High School, Shaw Education Trust and the Education & Skills Funding Agency invite you to find out more about our exciting plans to provide a new main building at the existing school site on Parr Lane, Bury.

This much-needed replacement of the current out-dated school building will offer modern facilities, providing life-long benefits for pupils and staff in a welcoming, secure, landscaped setting.

This is an important project for the school and the local community and there will be an emphasis on quality and innovation throughout the building programme.

The proposal includes the new building and car parking, with the retention of the existing sports block, construction centre and all-weather pitch.

On completion, the old building will be demolished and the site landscaped.

We are currently preparing the planning application for the new building and are keen to share our ideas with you at this stage. We have therefore organised this consultation event at the school, where you can drop in, view our proposals, and meet the team who will be happy to answer any queries you may have.

The rebuild is part of the government's £4.4 billion Priority School Building Programme which is rebuilding or refurbishing those school buildings in the very worst condition across the country.

This programme is delivered by the Education & Skills Funding Agency.

Our drop in event will be held on Wednesday 3rd May 2017

3pm - 4pm: Pupil and Parent Session
4pm - 7.30pm: Community Session
